INSTITUTIONAL CASH SERIES PLC

GENERAL INFORMATION (continued)

Please note that no notification for the distribution of shares according to section 310 for UCITS of the German Capital Investment Code (Kapitalanlagegesetzbuch) have been made for the following Fund: BlackRock Euro Ultra Short Core Bond Fund. Therefore, shares of this Fund may not be distributed in the Federal Republic of Germany.

The Entity is duly registered with the Comisión Nacional de Mercado de Valores in Spain under number 542.

Money Market Funds (“MMF”) are not a guaranteed investment vehicle. An investment in MMF is different from an investment in deposits; the principal invested in an MMF is capable of fluctuation and the risk of loss of the principal is to be borne by the investor. Further information about the funds, including the type of MMF that the fund is classified as under the Money Market Funds Regulation (“MMFR”), the methods used by the MMF to value the assets of the MMF and calculate the Net Asset Value (“NAV”), are available at <https://www.blackrock.com/cash/enzz/european-money-market-fund-reform-disclosures>. The credit ratings were solicited and financed by BlackRock.

INSTITUTIONAL CASH SERIES PLC

BACKGROUND

Institutional Cash Series Plc (the “Entity”) is an open-ended investment company with variable capital. The Entity was incorporated in Ireland on 9 December 1998 with limited liability between its funds and is organised under the laws of Ireland and is regulated by the Central Bank of Ireland (“CBI”) as a public limited company pursuant to the Companies Act 2014 (as amended) and the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 (as amended) (the “UCITS Regulations”).

The Entity is structured as an umbrella fund and comprises of separate funds (“Fund”) of the Entity. The shares of each Fund may be grouped into different classes of shares (each a “share class”). Each Fund will represent a separate portfolio of assets and may consist of one or more share classes. Each share class may apply different subscription and redemption provisions, charges, fees or brokerage arrangements. The creation of an additional class of shares will be notified to the CBI in advance. The portfolio of assets maintained for each Fund will be invested in accordance with the investment objectives and policies applicable to each Fund as set out in the prospectus and supplements.

While assets and liabilities that are specific to a share class within a Fund would be attributable to (and should be borne by) only that share class, there is no segregation of liabilities between share classes as a matter of Irish law. Due to the lack of segregation of liabilities as a matter of law, there is a risk that the creditors of a share class may bring a claim against the assets of the Fund notionally allocated to other share classes.

The term “Fund” or “Financial Product” shall be deemed to mean either a Fund or Funds of the Entity, or if the context so requires, the Manager or its delegate acting for the accounts of the relevant Fund. The term “BlackRock” and “Investment Manager” are used to represent BlackRock Investment Management (UK) Limited and/or BlackRock Capital Management, Inc. as appropriate. All references to “redeemable shares” shall be deemed to mean redeemable participating shares when Fund shares are classified as financial liabilities. The term “Directors” means the directors of the Entity.

Further details, including the investment objectives and minimum subscription requirements, are set out in the Entity’s prospectus and supplements.

Fund details

The Entity had 13 Funds in operation as at 30 September 2023.

Changes to the Entity during the financial year

On 29 December 2022, an updated prospectus was issued for the Entity to incorporate the following changes:

- Updates to risk factors, Director information, Sustainable Finance Disclosure Regulation (“SFDR”) information, Credit Assessment and environmental, social and governance (“ESG”) information.
- Addition of Heritage (Dis) Shares class, the Select (Dis) Share class, the Agency (Dis) Shares class, the Core (Dis) Shares class and the Premier (Dis) Shares.

On 9 January 2023, the contract for Steubing AG was terminated as a Listing Agent in Germany in line with the removal of the local agent requirement in the Cross Boarder Distribution of Funds Directive.

On 16 January 2023, the Secretary of the Manager, Sanne Corporate Administration Services (Ireland) Limited changed its name to Apex Group Corporate Administration Services Ireland Limited.

On 29 March 2023, Karen Prooth resigned as the non-executive Director.

On 28 April 2023, an updated prospectus was issued for the Entity to facilitate updates on settlement of payment for variable NAV (Acc T3) shares.

On 11 May 2023, a supplement to prospectus was issued for the Entity to incorporate addition of Premier (Dis T1) Share class.

On 21 July 2023, Jacqueline Flynn resigned as a non-executive Director.

The following share classes launched/redeemed during the financial year.

Fund name	Share class	Launch/ Redeem	Date

INVESTMENT MANAGER'S REPORT

Investment objective

BlackRock Euro Ultra Short Core Bond Fund

The investment objective of the Fund is to provide a total return in the form of capital and income. For the above named Fund, investors are referred to the supplement for more details on its investment policies.

BlackRock ICS Euro Government Liquidity Fund

BlackRock ICS Sterling Government Liquidity Fund

BlackRock ICS US Treasury Fund

The investment objective of each Fund is to seek a moderate level of current income as is consistent with liquidity and stability of principal. For each of the above named Funds, investors are referred to the prospectus for more details on their investment policies.

BlackRock ICS Euro Liquid Environmentally Aware Fund

BlackRock ICS Sterling Liquid Environmentally Aware Fund

BlackRock ICS US Dollar Liquid Environmentally Aware Fund

The investment objective of each Fund is to provide a return in line with money market rates consistent with preservation of principal and liquidity by the maintenance of a portfolio of high quality short term "money market" instruments. For each of the above named Funds, investors are referred to the prospectus for more details on their investment policies.

BlackRock ICS Euro Liquidity Fund

BlackRock ICS Sterling Liquidity Fund

BlackRock ICS US Dollar Liquidity Fund

The investment objective of each Fund is to maximise current income consistent with preservation of principal and liquidity by the maintenance of a portfolio of high quality short term "money market" instruments. For each of the above named Funds, investors are referred to the prospectus for more details on their investment policies.

BlackRock ICS Euro Ultra Short Bond Fund

BlackRock ICS Sterling Ultra Short Bond Fund

The investment objective of each Fund is to generate current income and a reasonable degree of liquidity consistent with a low volatility of principal, through the maintenance of a portfolio of high quality money market and fixed income instruments including floating rate securities. For each of the above named Funds, investors are referred to the prospectus for more details on their investment policies.

BlackRock ICS US Dollar Ultra Short Bond Fund

The investment objective of the Fund is to seek to maximise current income consistent with the preservation of principal and a reasonable degree of liquidity through the maintenance of a portfolio of high quality short to medium-term fixed income instruments including money market and floating rate securities. For the above named Fund, investors are referred to the prospectus for more details on its investment policies.

Investment management approach and ESG policy

The following table outlines the investment management approach adopted for each Fund. It also identifies which Funds promote environmental or social characteristics ("Article 8 Funds") or have sustainable investments as an objective ("Article 9 Funds"), under the EU Sustainable Finance Disclosure Regulation ("SFDR"). Further detail around how Article 8 and Article 9 Funds have achieved these characteristics and objectives is included in the SFDR disclosures supplementary section to the Annual Report.

For any other Funds that do not meet the SFDR criteria for Article 8 or 9 Funds, the investments underlying this financial product do not take into account the EU criteria for environmentally sustainable economic activities. The Investment Manager has access to a range of data sources, including principal adverse indicator ("PAI") data, when making decisions on the selection of investments. However, whilst BlackRock considers ESG risks for all portfolios and these risks may coincide with environmental or social themes associated with the PAIs, unless stated otherwise in the prospectus, each Fund does not commit to considering PAIs in driving the selection of their investments.

Fund name	Performance measure	Investment management approach	SFDR criteria

¹The performance measure included in the table above is for reference only. Please refer to the prospectus for more detail.

Performance summary

The following table compares the realised Fund performance against the performance of the relevant performance measure during the financial year ended 30 September 2023.

Further information on these performance measures and calculation methodologies used is detailed below:

- Fund returns disclosed are the performance returns for the primary share class for the Fund, net of fees, which has been selected as a representative share class. The primary share class represents the class of share invested in by the majority of investors in the Fund and also takes into account other relevant factors such as the Fund's base currency. The returns disclosed for the comparative are in the same currency as the primary share class, unless otherwise stated. Performance returns for any other share class can be made available on request.
- For Funds that commenced trading and/or fully redeemed during the financial year, returns are shown from the date the Fund commenced trading and/or to the date the Fund fully redeemed, and the total expense ratio ("TER") is the effective TER from the date the Fund commenced trading and/or to the date the Fund fully redeemed.
- Fund returns are based on the sum of the daily dividend rates, net of fees. Due to Financial Reporting Standard 102 ("FRS 102") requirements which apply to the financial statements, there may be differences between the NAV per share as recorded in the financial statements and the NAV per share calculated in accordance with the prospectus.
- The TER expresses the sum of all fees, operating costs and expenses, with the exception of direct trading costs, charged to each Fund's assets as a percentage of the average Fund assets based on a twelve-month period ended 30 September 2023.

Fund name	Fund return %	Performance measure %	TER %
BlackRock Euro Ultra Short Core Bond Fund			
- Accumulating Shares	2.56	2.61	0.05
BlackRock ICS Euro Government Liquidity Fund			
- Core (Acc) Shares	2.19	2.60	0.20
BlackRock ICS Euro Liquid Environmentally Aware Fund			
- Core (Acc) Shares	2.60	2.60	0.20
BlackRock ICS Euro Liquidity Fund			
- Core (Acc) Shares	2.40	2.60	0.20
BlackRock ICS Euro Ultra Short Bond Fund			
- Core Shares	2.26	2.61	0.20
BlackRock ICS Sterling Government Liquidity Fund			
- Core (Acc) Shares	3.80	4.06	0.20
BlackRock ICS Sterling Liquid Environmentally Aware Fund			
- Core (Dis) Shares	3.90	4.06	0.20
BlackRock ICS Sterling Liquidity Fund			
- Core (Acc) Shares	3.91	4.06	0.20
BlackRock ICS Sterling Ultra Short Bond Fund			
- Core Shares	4.11	4.06	0.20
BlackRock ICS US Dollar Liquid Environmentally Aware Fund			
- Core (Dis) Shares	4.66	4.55	0.20
BlackRock ICS US Dollar Liquidity Fund			
- Core (Acc) Shares	4.69	4.55	0.20
BlackRock ICS US Dollar Ultra Short Bond Fund			
- Select Shares	4.87	4.76	0.15
BlackRock ICS US Treasury Fund			
- Core (Acc) Shares	4.39	4.55	0.20

Past performance is not a guide to future performance and should not be the sole factor of consideration when selecting a product. All financial investments involve an element of risk. Therefore, the value of your investment and the income from it will vary and your initial investment amount cannot be guaranteed. The performance figures do not consider charges and fees that may be levied at the time of subscription or redemption of shares. Levels and bases of taxation may change from time to time. Subscriptions may be made only on the basis of the current prospectus, of which the most recent annual report and audited financial statements and interim report and unaudited financial statements as well as PRIIP KIDs form an integral part. Copies of which are available from Investor Services, the Transfer Agent, the Management Company or any of the Representatives or Distributors.

INSTITUTIONAL CASH SERIES PLC

INVESTMENT MANAGER'S REPORT (continued)

Global economic overview

Global equities, as represented by the MSCI All Country World Index ("ACWI"), returned 20.80% (in US dollar terms) during the twelve months ended 30 September 2023. Despite significant inflation (the rate of increase in the prices of goods and services) and rising interest rates, equities rebounded amid investor optimism that monetary policy tightening from the world's largest central banks was slowing. Although the inflation rate was still elevated by historical standards, it declined substantially during the period, as supply chain disruptions moderated and higher interest rates moderated demand.

The US economy showed resilient growth, as both consumer and public spending continued to rise. While several prominent regional banks failed in the spring of 2023, prompt government action limited the impact on the wider economy. The US jobs market remained tight, and unemployment was low throughout the twelve-month period. Economic growth in Japan accelerated, and the government lifted strict border controls. The UK economy was nearly flat amid weakness in exports as global trade cooled. Modest growth resumed in the Eurozone in the first half of 2023, but high interest rates continued to weigh on the region's economy. UBS's takeover of the failed Credit Suisse at the behest of regulators stabilised markets.

Most emerging market economies continued to expand, although fluctuating commodity prices and the higher interest rate environment presented significant economic challenges. The Chinese economy grew at a slow pace relative to the country's historical rate, while falling consumer prices near the end of the reporting period raised concerns about deflation (declining prices for goods and services). The Indian economy continued to grow, accelerating in the second quarter of 2023 amid strong growth in services and robust consumer demand.

The world's largest central banks continued to implement various measures aimed at monetary policy tightening. The US Federal Reserve (the "Fed") raised interest rates six times during the twelve-month period, slowing the pace of its increases by leaving interest rates unchanged at two of its meetings. The Bank of England ("BoE") raised interest rates seven times during the twelve-month period, although it held rates steady at its final meeting of the period. In the Eurozone, inflation was elevated but decelerating, and the European Central Bank ("ECB") raised interest rates eight times.

Global equity performance was significantly positive during the twelve-month period, as investors assessed the impact of rapidly changing economic and credit conditions. Subsiding inflation and the slower pace of the Fed's interest rate increases drove hopes that the current cycle of monetary policy tightening was nearing an end. Globally, bonds and equities that factor in companies' environmental, social and governance ("ESG") characteristics faced regulatory concerns and shifting investor sentiment, and equity ESG funds experienced overall outflows in the first half of 2023. The issuance of new bonds for ESG-related projects declined in 2022 relative to the prior year, but rebounded in the first half of 2023.

Yields (which move inversely to prices) on the 10-year US treasury, a benchmark lending rate for the global bond market, rose during the twelve-month period as central banks tightened monetary policy. The yield curve, which measures the difference between yields at different maturity levels, further inverted, such that shorter-maturity yields rose further above longer-maturity yields, a signal that markets were concerned about slowing economic growth. And the downgrade of US government debt by a major ratings company highlighted growing debt-servicing costs. Yields on UK gilts were volatile early in the period in the wake of a leadership change and uncertainty surrounding government plans for fiscal policy. However, markets stabilised as the new government reversed plans for tax changes that would require significant additional borrowing. Both Eurozone and Japanese government bond prices declined slightly overall during the twelve-month period. However, the Japanese government adjusted its yield cap for 10-year government bonds, leading to a sharp increase in the yields for those bonds, while substantial purchases from the Bank of Japan subsequently drove fluctuating prices.

Global corporate bonds gained overall, as investors reassessed credit in light of changing economic conditions. Higher bond yields attracted investors and continued resilience in the global economy alleviated credit concerns. High-yield bonds posted particularly strong returns as strong corporate balance sheets reassured investors.

Equities in emerging markets posted a solid advance, benefiting from the relatively stable global economic environment and the respite from tighter monetary policy. As concerns about a possible recession diminished, some investors rotated back into emerging market stocks, boosting prices. Emerging market bond prices posted a positive return overall as investors anticipated less restrictive monetary policy in the developed economies that drive global growth.

The commodities markets were volatile and continued to adjust to the aftermath of the Russian invasion of Ukraine. Brent crude oil prices declined slightly as energy markets stabilised and global oil production increased. Natural gas prices in the Eurozone ended the period notably lower, as a warm winter and success in securing alternate gas suppliers drove prices down. Gold prices rose significantly amid elevated inflation, a stronger US dollar, and the slowing pace of Fed interest rate increases.

In the foreign exchange markets, the US dollar's performance was mixed against other major global currencies. The US dollar strengthened against the Japanese yen and the Chinese yuan but declined relative to the euro and sterling. Continued interest rate increases from the ECB and BoE, even as the Fed slowed its pace of interest rate hikes, drove the increase in the relative value of the euro and sterling.

Fund performance review and activity

BlackRock Euro Ultra Short Core Bond Fund

The Fund's strategy throughout the year was characterised by a cautious approach, especially in the rate-raising cycle. In quarter four 2022, the Fund kept the duration short, focusing on short-dated securities and exploring opportunities in Canadian and US dollar issuers. This defensive stance persisted into quarter 1 2023, with a focus on very short maturities. By quarter two, there was a slight shift as the Fund began increasing exposure to 3-month tenor securities, while still maintaining a cautious approach on medium-term credit. Quarter three saw the Fund diversifying its portfolio across different tenors and credit ratings, aiming to optimize returns while managing risk.

INVESTMENT MANAGER'S REPORT (continued)

Fund performance review and activity (continued)

BlackRock Euro Ultra Short Core Bond Fund (continued)

The following table details the significant portfolio weightings at 30 September 2023 and 30 September 2022:

30 September 2023		30 September 2022	
Security	Weighting	Security	Weighting
Other note	44.25%	Other commercial paper	41.75%
Certificate of deposit	22.64%	Other note	34.16%
Other commercial paper	17.71%	Financial company commercial paper	15.76%
Financial company commercial paper	10.88%	Certificate of deposit	7.09%
Insurance company funding agreement	3.02%	Asset backed commercial paper	1.25%
Asset backed commercial paper	1.50%		

BlackRock ICS Euro Government Liquidity Fund

Throughout 2022 and 2023, the Eurozone faced a series of economic challenges and uncertainties. Energy prices surged, significantly impacting production costs. This was evident when, despite a decrease in gas prices, the Producer Price Index ("PPI") experienced a drop from September to November 2022. The ECB responded to these inflationary pressures with a series of rate hikes, including a notable 50 basis points increase in December 2022 and another 100 basis points in the first quarter of 2023. By September 2023, the ECB had further raised its key policy rates by 25 basis points.

The banking sector experienced turbulence with the collapse of Silicon Valley Bank ("SVB") and subsequent issues at Credit Suisse, introducing a level of market volatility reminiscent of the 2008 global financial crisis. This volatility, combined with the ECB's hawkish stance, led to European yields moving in varied directions throughout the year.

Economic growth in the Eurozone showed signs of strain. By the second quarter of 2023, the Eurozone's Gross Domestic Product ("GDP") indicated a technical recession. Survey indicators, such as the Eurozone Composite Purchasing Managers' Index ("PMI"), further pointed to potential economic weaknesses. Inflation remained a significant concern for the ECB, with core inflation rates fluctuating but consistently staying above the bank's target. By September 2023, core inflation had decreased but was still elevated, prompting discussions around the possibility of Europe entering a period of stagflation.

The ECB's policy decisions and communications throughout the year emphasized a focus on inflation control and economic stability. By the third quarter of 2023, the bank had adopted a clear stance of restraint in its monetary policy. The market's response to these actions varied, but by the end of the period, there was a general anticipation of prolonged elevated borrowing costs.

In the backdrop of these monetary and economic challenges, fiscal policy also came into focus. The ECB's forecasts, especially in September 2023, emphasized the need for fiscal consolidation measures to combat inflation. As the Eurozone approached the 2024 budget season, there was an expectation of increased governmental support to households and businesses, especially given the uncertainties surrounding European Union ("EU") fiscal rules.

In summary, the Eurozone's economic landscape from 2022 to 2023 was marked by inflationary pressures, banking sector challenges, and growth concerns, with the ECB taking a central role in navigating these turbulent waters. The Fund favours French and German bonds and bills due to better relative value characteristics along with continued allocations to overnight repurchase agreements seeking to maintain ample liquidity.

Throughout the year, the Fund consistently favored short-term investments, especially in the face of uncertainties and rate rallies. By quarter four 2022, the focus was on early January maturities with government paper for 2023 priced at a premium. This cautious approach continued into quarter one 2023, with a preference for repurchase agreements and short-term bills. By quarter two, the weighted average maturity ("WAM") decreased further, reflecting the ongoing cautious stance. By quarter three, there was a slight shift as the Fund took opportunities with January bills, increasing the WAM from 3 to 14 days, but still maintaining a defensive position overall.

The following table details the significant portfolio weightings at 30 September 2023 and 30 September 2022:

30 September 2023		30 September 2022	
Security	Weighting	Security	Weighting
Other repurchase agreement	60.53%	Treasury debt	55.18%
Government agency repurchase agreement	29.29%	Other repurchase agreement	29.41%
Treasury debt	10.18%	Government agency repurchase agreement	15.41%

BlackRock ICS Euro Liquid Environmentally Aware Fund

The year saw the Fund navigating through market volatilities and rate changes. In quarter four 2022, the year-end came cheaper than previous years, with collateral scarcity and high levels of excess liquidity as dominant themes. By quarter one 2023, the Fund responded to increasing market volatility by shortening duration and building liquidity buffers, resulting in a decline in WAM from 30 to 18 days. In quarter two, the Fund prepared for expected rate hikes by keeping WAMs short and building liquidity buffers. By the end of quarter three, the Fund adjusted its strategy in response to the ECB's indications, adding some duration and focusing on trades into January.

BlackRock ICS Euro Liquidity Fund

The year saw the Fund navigating through market volatilities and rate changes. In quarter four 2022, the year-end came cheaper than previous years, with collateral scarcity and high levels of excess liquidity as dominant themes. By quarter one 2023, the Fund responded to increasing market volatility by shortening duration and building liquidity buffers, resulting in a decline in WAM from 30 to 18 days. In quarter two, the Fund prepared for expected rate hikes by keeping WAMs short and building liquidity buffers. By the end of quarter three, the Fund adjusted its strategy in response to the ECB's indications, adding some duration and focusing on trades into January.

The following table details the significant portfolio weightings at 30 September 2023 and 30 September 2022:

BlackRock ICS Euro Ultra Short Bond Fund

The Fund's strategy throughout the year was characterised by a cautious approach, especially in the rate-raising cycle. In quarter four 2022, the Fund kept the duration short, focusing on short-dated securities and exploring opportunities in Canadian and US dollar issuers. This defensive stance persisted into quarter 1 2023, with a focus on very short maturities. By quarter two, there was a slight shift as the Fund began increasing exposure to 3-month tenor securities, while still maintaining a cautious approach on medium-term credit. Quarter three saw the Fund diversifying its portfolio across different tenors and credit ratings, aiming to optimize returns while managing risk.

The following table details the significant portfolio weightings at 30 September 2023 and 30 September 2022:

BlackRock ICS Sterling Government Liquidity Fund

Throughout the period spanning 2022 to 2023, the UK's economic landscape was characterized by a series of challenges and policy responses. The BoE took a proactive stance in addressing inflationary pressures, with a series of rate hikes that culminated in a policy rate of 5.25% by August 2023. This aggressive monetary policy was in response to the surging Consumer Price Index ("CPI") inflation, which peaked at 11.1% in October 2022 before gradually subsiding to 6.7% by August 2023.

The UK economy showcased resilience, avoiding a technical recession in 2022. However, by the third quarter of 2023, there were clear signs of economic strain. Service sector activity, as indicated by the Services PMI, dipped below the 50-mark threshold, suggesting contraction. The housing market indicators also weakened, and unemployment began to rise, possibly due to the combined effects of higher inflation and interest rates.

Despite these challenges, the UK job market remained robust for a significant part of this period. The unemployment rate, while experiencing some fluctuations, remained relatively low, with a peak of 4.3% in July 2023. However, the decline in various economic activities began to manifest in the job market, with the unemployment rate rising and job vacancy rates decreasing.

INVESTMENT MANAGER'S REPORT (continued)

Fund performance review and activity (continued)

BlackRock ICS Sterling Government Liquidity Fund (continued)

Inflation remained a central concern for policymakers. While the headline inflation rate began to decline, core inflation rates, which exclude volatile items like energy and food, remained elevated. This persistent inflationary pressure, combined with other economic challenges, led to debates within the BoE's Monetary Policy Committee ("MPC") about the future trajectory of interest rates. In September 2023, the BoE decided to maintain the rates at 5.25%, with some officials advocating for a prolonged period of stable rates.

The money market, as indicated by the Sterling Overnight Index Average ("SONIA") rates, experienced varied movements throughout the year. While there were periods of increase, reflecting the market's anticipation of further rate hikes, there were also periods of decline, suggesting a market view that the BoE might not need to tighten monetary policy as aggressively as previously thought.

In summary, the UK's economic outlook from 2022 to 2023 was marked by inflationary challenges, monetary policy adjustments, and signs of economic strain. The BoE's policy decisions played a central role in navigating these challenges, with the broader economic indicators suggesting a mixed picture of resilience and vulnerability.

Throughout the year, the Fund consistently favored short-term investments, especially in the face of uncertainties and rate rallies. By quarter four 2022, the Fund preferred to roll cash in short-dated Repo due to the expensive levels of treasury bills. This cautious approach continued into quarter one 2023, with a focus on bills in 1-month, 3-month, and 6-month as long as they were fairly compensated. By quarter two, the Fund took advantage of the rate hikes delivered by the BoE, keeping the WAM in the 15-25 day range. By quarter three, the Fund saw fluctuations in the size of weekly Friday auctions and extended its duration by acquiring 4-month bills for January.

The following table details the significant portfolio weightings at 30 September 2023 and 30 September 2022:

BlackRock ICS Sterling Liquid Environmentally Aware Fund

The Fund's strategy throughout the year was characterised by a cautious approach in the face of market volatilities and rate changes. In quarter four 2022, the Fund maintained a high level of weekly liquidity, focusing on short fixed-rate investments. By quarter one 2023, the Fund continued its cautious approach, letting duration shorten and keeping maturities short into early April. In quarter two, the Fund added 1-year floaters at SONIA +50 basis points, aiming to benefit from an increase in levels on overnight investments. By the end of quarter three, the Fund started to add duration, targeting a WAM of approximately 45 days.

BlackRock ICS US Dollar Liquidity Fund

The US economic landscape from 2022 to 2023 was marked by a series of monetary policy adjustments, inflationary concerns, and fiscal challenges. The Federal Open Market Committee ("FOMC") took decisive actions in response to the evolving economic conditions, with a series of rate hikes that saw the federal funds rate reach a range of 5.25-5.50% by the third quarter of 2023.

Inflation remained a central concern throughout this period. The CPI data showed fluctuations, with a peak of 7.1% year-over-year in 2022, gradually subsiding to around 3.67% by the third quarter of 2023. The Fed's preferred measure of inflation, the core personal consumption expenditures, also indicated elevated inflationary pressures, reaching 5% in February 2023. The Fed's consistent message was its commitment to returning inflation to its 2% objective, emphasizing the necessity of a sustained decline in core inflation before considering the conclusion of monetary tightening.

INVESTMENT MANAGER'S REPORT (continued)

Fund performance review and activity (continued)

BlackRock ICS US Dollar Liquidity Fund (continued)

The US treasury faced challenges related to the debt ceiling, which led to uncertainties in the market. However, by June 2023, a last-minute deal suspended the debt limit until January 2025, providing relief and shifting the focus to rebuilding treasury balances. This led to a sharp rise in treasury bill supply, impacting money markets and portfolio management.

The labor market displayed resilience, with strong job growth in specific sectors like education and healthcare. However, the unemployment rate saw a slight uptick, reaching 3.8% by the third quarter of 2023, its highest since January 2022.

The money market, as indicated by the Secured Overnight Financing Rate ("SOFR"), experienced varied movements throughout the year. While there were periods of increase, reflecting the market's anticipation of further rate hikes, there were also periods of decline, suggesting a market view that the Fed might not need to tighten monetary policy as aggressively as previously thought.

In summary, the US economic outlook from 2022 to 2023 was characterised by the Fed's proactive approach to managing inflation, challenges related to the debt ceiling, and a labor market that displayed both strength and signs of strain. The Fed's policy decisions, driven by data-dependent considerations, played a central role in navigating these challenges, with the broader economic indicators suggesting a mixed picture of resilience and vulnerability.

The Fund's strategy throughout the year was characterised by a cautious approach in the face of market volatilities and rate changes. In quarter four 2022, the Fund maintained a high level of liquidity, focusing on short fixed-rate investments with a WAM close to 20-25 days. By quarter one 2023, the Fund continued its cautious approach, keeping the WAM close to 30 days and focusing on higher-rated investments. In quarter two, the Fund responded to the steepening USD LIBOR curve by maintaining a neutral duration stance with a WAM close to 30 days. By the end of quarter three, the Fund cautiously extended its duration target, reinvesting in fixed-rate investments three months and longer, moving the WAM towards 40-45 days.

BlackRock ICS US Treasury Fund

Throughout the year, the Fund exhibited a conservative approach, emphasizing liquidity. In quarter four 2022, the Fund increased its allocation to repurchase agreements ("repo") to 61% and reduced treasury securities to 35%. By quarter one 2023, the repo allocation surged to 90%, while treasury securities dropped to 10%. This shift resulted in a significant reduction in both the WAM and Weighted Average Life ("WAL"). In quarter two, the Fund cautiously extended its duration, allocating more to short-dated treasury bills. By quarter three, the Fund experienced notable shifts in its composition, with the WAM and WAL seeing fluctuations and the repo exposure decreasing to 56.63%.

INSTITUTIONAL CASH SERIES PLC

DIRECTORS' REPORT

The Directors present their report and audited financial statements for the financial year ended 30 September 2023.

Statement of Directors' responsibilities

The Directors are responsible for preparing the annual report and the financial statements in accordance with applicable Irish law and Generally Accepted Accounting Practice in Ireland including the accounting standards issued by the Financial Reporting Council and published by the Institute of Chartered Accountants in Ireland and in compliance with the Irish Companies Act 2014 (as amended) and the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (as amended) (the "UCITS Regulations and Guidance Notes").

Irish Company law requires the Directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Entity for that year.

In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether the financial statements have been prepared in accordance with applicable accounting standards and identify the standards in question, subject to any material departures from those standards being disclosed and explained in the notes to the financial statements; and
- prepare the financial statements on a going concern basis unless it is inappropriate to presume that the Entity will continue in business.

The Directors confirm that they have complied with the above requirements in preparing the audited financial statements.

The Directors are responsible for keeping adequate accounting records that are sufficient to:

- correctly record and explain the transactions of the Entity;
- enable, at any time, the assets, liabilities, financial position and profit or loss of the Entity to be determined with reasonable accuracy; and
- enable the Directors to ensure that the financial statements and Directors' report comply with the Companies Act 2014 (as amended) and enable those financial statements to be audited.

The measures taken by the Directors to secure compliance with the Entity's obligation to keep adequate accounting records are the appointment of J.P. Morgan Administration Services (Ireland) Limited for the purpose of maintaining adequate accounting records. Accordingly, the accounting records are kept at the following address on behalf of the Administrator:

200 Capital Dock
79 Sir John Rogerson's Quay
Dublin 2
Ireland

The Directors are also responsible for safeguarding the assets of the Entity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities. The Directors have entrusted the assets of the Entity to the Depositary for safekeeping in accordance with the Constitution/Instrument of Incorporation of the Entity. In this regard the Directors have appointed J.P. Morgan Bank SE – Dublin Branch as Depositary pursuant to the terms of the Depositary Agreement. The address at which this business is conducted is as follows:

200 Capital Dock
79 Sir John Rogerson's Quay
Dublin 2
Ireland

The audited financial statements are published on the BlackRock website. The Directors, together with the Manager and the Investment Manager are responsible for the maintenance and integrity of the financial information included on this website. Legislation in the Republic of Ireland governing the presentation and dissemination of the financial statements may differ from legislation in other jurisdictions.

Results and dividends

The results and dividends for the financial year of the Entity are set out in the income statement.

The Manager has made a successful application for "Reporting Fund" status to apply to certain share classes under the Statutory Instrument 2009/3001 (The Offshore Funds (Tax) Regulations 2009) of the UK. A list of the share classes which currently have 'reporting fund' status is available at <https://www.gov.uk/government/publications/offshore-funds-list-of-reporting-funds>.

Review of business and future developments

The specific investment objectives and policies, as set out in the Investment Manager's report, of each Fund are formulated by Directors at the time of the creation of the Fund. Investors in a Fund are expected to be informed investors who have taken professional advice, are able to bear capital and income risk, and should view investment in a Fund as a medium to long term investment. A description of the Fund, its performance review and a market review can be found in the Background section and the Investment Manager's report. The performance review encompasses tracking error and tracking difference disclosures which are key metrics as to how well the Fund has been managed against their benchmark indices.

Risk management objectives and policies

The financial instruments and risks facing the Company are set out in the notes to the financial statements. The Company's corporate governance statement is set out within the Governance section of the financial statements.

INSTITUTIONAL CASH SERIES PLC

DIRECTORS' REPORT (continued)

Subsequent events after the financial year end

The significant events which have occurred since the balance sheet date are set out in the notes to the audited financial statements.

Directors' and Company Secretary's interests and transactions

The Directors and Company Secretary had no interests in the shares of the Entity during or at the end of the financial year (2022: Nil).

With effect from 29 March 2023, Karen Prooth resigned as a non-executive Director. With effect from 21 July 2023, Jacqueline Flynn resigned as a non-executive Director respectively. With effect from 5 December 2023, Becky Tilston Hales resigned as a non-executive Director. With effect from 5 December 2023, Francis Drought was appointed as a non-executive Director.

Francis Drought and Tom McGrath are non-executive Directors and are also employees of the BlackRock Group.

No Director had at any time during the financial year, a material interest in any contract of significance, in relation to the business of the Entity (2022: Nil).

Going concern

The financial statements of the Entity have been prepared on a going concern basis. The Company is able to meet all of its liabilities from its assets. The performance, marketability and risks of the Fund are reviewed on a regular basis throughout the financial year. Therefore, the Directors believe that the Company will continue in operational existence for the foreseeable future and is financially sound. The Directors are satisfied that, at the time of approving the financial statements, it is appropriate to adopt the going concern basis in preparing the financial statements of the Company.

Independent auditor

The auditors, Ernst & Young, will be re-appointed in accordance with section 383 of the Companies Act 2014 (as amended).

Statement of relevant audit information

So far as the Directors are aware, there is no relevant audit information of which the Entity's auditors are unaware. The Directors have taken all the steps that should have been taken as Directors in order to make themselves aware of any relevant audit information and to establish that the Entity's auditors are aware of that information.

Corporate governance statement

The Directors are committed to maintaining the highest standards of corporate governance and are accountable to the shareholders for the governance of the Entity's affairs. The Directors have put in place a framework for corporate governance which it believes is appropriate for a collective investment scheme and which will enable the Entity to comply with the relevant provisions of the Irish Funds Industry Association Corporate Governance Code for Collective Investment Schemes and Management Companies (the "Code") effective as of 1 January 2012 which is available at:- <https://files.irishfunds.ie/1432820468-corporate-governance-code-for-collective-investment-schemesandmanagementcompanies.pdf>. The Entity has voluntarily adopted the Code and will apply the Code to the Entity for all accounting periods beginning on or after the Entity's date of registration.

On behalf of the Directors

DEPOSITARY'S REPORT TO THE SHAREHOLDERS

We, J.P. Morgan SE - Dublin Branch, appointed Depositary to Institutional Cash Series plc (the "Entity") provide this report solely in favour of the investors of the Entity as a body for the year ended 30 September 2023 (the "Accounting Period"). This report is provided in accordance with the UCITS Regulations – European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (SI No 352 of 2011) as amended, ("the UCITS Regulations"). We do not, in the provision of this report, accept nor assume responsibility for any other purpose or person to whom this report is shown.

In accordance with our Depositary obligation as provided for under the UCITS Regulations, we have enquired into the conduct of the Entity for the Accounting Period and we hereby report thereon to the investors of the Fund as follows;

We are of the opinion that the Entity has been managed during the Accounting Period, in all material respects:

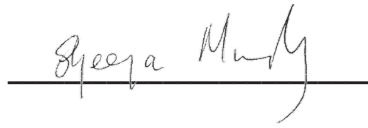

(i) in accordance with the limitations imposed on the investment and borrowing powers of the Entity by the constitutional documents and by the UCITS Regulations; and

(ii) otherwise in accordance with the provisions of the constitutional document and the UCITS Regulations.

For and on behalf of

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF INSTITUTIONAL CASH SERIES PLC

Report on the audit of the financial statements

Opinion

We have audited the financial statements of Institutional Cash Series plc ('the Company') for the year ended 30 September 2023, which comprise the Income Statement, Statement of Changes in Net Assets Attributable to Redeemable Shareholders, Balance Sheet, Schedules of Investments and notes to the financial statements, including the summary of significant accounting policies set out in note 2. The financial reporting framework that has been applied in their preparation is Irish Law and FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland issued in the United Kingdom by the Financial Reporting Council.

In our opinion the financial statements:

- give a true and fair view of the assets, liabilities and financial position of the Company as at 30 September 2023 and of its results for the year then ended;
- have been properly prepared in accordance with FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland; and
- have been properly prepared in accordance with the requirements of the Companies Act 2014, the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011, and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2015.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with ethical requirements that are relevant to our audit of financial statements in Ireland, including the Ethical Standard issued by the Irish Auditing and Accounting Supervisory Authority (IAASA), and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from the date when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report. However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the Company's ability to continue as a going concern.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF INSTITUTIONAL CASH SERIES PLC

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2014

In our opinion, based solely on the work undertaken in the course of the audit, we report that:

- the information given in the directors' report for the financial year ended for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report has been prepared in accordance with applicable legal requirements.

We have obtained all the information and explanations which, to the best of our knowledge and belief, are necessary for the purposes of our audit.

In our opinion the accounting records of the Company were sufficient to permit the financial statements to be readily and properly audited and the financial statements are in agreement with the accounting records.

Matters on which we are required to report by exception

Based on the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report.

The Companies Act 2014 requires us to report to you if, in our opinion, the disclosures required by sections 305 to 312 of the Act, which relate to disclosures of directors' remuneration and transactions are not complied with by the Company. We have nothing to report in this regard.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF INSTITUTIONAL CASH SERIES PLC

Respective responsibilities

Responsibilities of directors for the financial statements

As explained more fully in the directors' responsibilities statement set out on page 15, the directors are responsible for the preparation of the financial statements in accordance with the applicable financial reporting framework that give a true and fair view, and for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the IAASA's website at: http://www.iaasa.ie/getmedia/b2389013-1cf6-458b-9b8f-a98202dc9c3a/Description_of_auditors_responsibilities_for_audit.pdf.

This description forms part of our auditor's report.

The purpose of our audit work and to whom we owe our responsibilities

Our report is made solely to the Company's members, as a body, in accordance with section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Lisa Kealy
for and on behalf of
Ernst & Young Chartered Accountants and Statutory Audit Firm

INSTITUTIONAL CASH SERIES PLC

NOTES TO THE FINANCIAL STATEMENTS

1. General information

The Entity is an open-ended investment company domiciled and incorporated under the laws of Ireland as a public limited company. The Entity is authorised by the CBI and is governed by the provisions of the UCITS Regulations with its registered office at 200 Capital Dock, 79 Sir John Rogerson's Quay, Dublin 2, D02 RK57, Ireland.

2. Significant accounting policies

2.1 Basis of preparation

The financial statements are prepared in accordance with Financial Reporting Standard 102 ("FRS 102") "The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland" issued by the Financial Reporting Council.

The financial statements are prepared on a going concern basis under the historical cost convention as modified by the revaluation of financial assets and financial liabilities held at fair value through profit or loss.

The Entity has availed of the exemption available to open-ended investment funds that hold a substantial proportion of highly liquid and fair valued investments under Section 7 of FRS 102 and is not presenting a statement of cash flows.

The format and certain wordings of the financial statements have been adapted from those contained in Section 3 of FRS 102, so that, in the opinion of the Directors, they more appropriately reflect the nature of the Entity's business as an investment fund.

The principal accounting policies and notes are set out below, all of which are applied for the financial year ended 30 September 2023

All amounts have been rounded to the nearest thousand, unless otherwise indicated.

2.2 Financial instruments

The Entity has chosen to implement the recognition and measurement provisions of IAS 39 and only the disclosure requirements of Sections 11 and 12 of FRS 102 as they relate to financial instruments.

2.2.1 Classification

The Entity classifies its investments in debt instruments, liquidity instruments, reverse repurchase agreements and derivatives as financial assets or financial liabilities at fair value through profit or loss. These financial assets and financial liabilities are classified as held for trading or designated by the Directors at fair value through profit or loss at inception. All the derivative investments are held for trading purposes. All other financial assets and financial liabilities including cash, cash equivalents, receivables and payables are classified at amortised cost using the effective interest method.

2.2.2 Recognition and derecognition

The Entity recognises a financial asset or a financial liability when it becomes a party to the contractual provisions of the instrument. Purchases and sales of investments are recognised on the day the trade takes place.

Realised gains and losses on disposals of financial instruments are calculated using the First-In-First-Out ("FIFO") cost method. For instruments held long, they represent the difference between the initial carrying amount and disposal amount. For instruments held short, they represent the difference between the proceeds received and the opening value. For derivative contracts, they represent the cash payments or receipts made on derivative contracts (excluding those on collateral or margin accounts for such instruments).

Financial assets are derecognised when the rights to receive cash flows from the asset have expired or the risks and rewards of ownership have all been substantially transferred. Financial liabilities are derecognised when the obligation under the liability is discharged, cancelled or expired.

2.2.3 Measurement

All financial instruments are initially recognised at fair value.

Financial assets and financial liabilities at fair value through profit or loss are subsequently measured at fair value. Transaction costs on purchases or sales of investments and gains and losses arising from changes in the fair value of financial assets or financial liabilities at fair value through profit or loss are presented in the income statement within 'Net gains/(losses) on financial instruments', in the period in which they arise.

Financial assets and financial liabilities, other than those classified as at fair value through profit or loss, are subsequently measured at amortised cost.

INSTITUTIONAL CASH SERIES PLC

NOTES TO THE FINANCIAL STATEMENTS (continued)

2. Significant accounting policies (continued)

2.2 Financial instruments (continued)

2.2.4 Fair value estimation

Fair value is the amount for which an asset could be exchanged, a liability settled or an equity instrument granted could be exchanged, between knowledgeable, willing parties in an arm's length transaction. The estimation of fair value, after initial recognition, is determined as follows:

- Investments in debt instruments and exchange traded derivatives which are quoted, listed, traded or dealt on a market or exchange are valued based on quoted market prices which, for the purposes of the financial statements is in line with the valuation methodology prescribed in the Entity's prospectus. Depending on the nature of the underlying investment, the value taken could be either at the closing price, closing mid-market price or bid price on the relevant market.
- Investments in exchange traded funds ("ETFs") which are quoted, listed, traded or dealt on a market or exchange are valued based on quoted market prices except where the Fund typically trades the units held at the latest NAV for that ETF. In such cases, the investment in the ETF is valued based on the latest NAV of the respective ETF.
- Investments in centrally cleared derivatives are valued using valuation techniques.
- Investments in liquidity instruments such as time deposits and reverse repurchase agreements are valued at amortised cost, this method is deemed equivalent to the fair value, given the short-term nature of such investments.

In the case of an investment which is not quoted, listed or dealt on a recognised market, or in respect of which a listed, traded or dealt price or quotation is not available at the time of valuation, the fair value of such investment shall be estimated with care and in good faith by a competent professional person, body, firm or corporation (appointed for such purpose by the Directors in consultation with the Investment Manager and approved for the purpose by the Depositary), and such fair value shall be determined using valuation techniques. The Entity uses a variety of methods and makes assumptions that are based on market conditions existing at each reporting date.

Valuation techniques used for non-standardised financial instruments such as OTC derivatives include those detailed in the fair value hierarchy note, and those used by market participants making the maximum use of market inputs and relying as little as possible on entity-specific inputs.

2.2.5 Financial derivative and other specific instruments

2.2.5.1 Futures contracts

A futures contract is a contract, traded on an exchange, to buy or sell a certain underlying instrument at a certain date in the future, at a specified price.

Initial margin deposits are made to relevant brokers upon entering into futures contracts and are included in margin cash.

2.2.5.2 Forward currency contracts

A forward currency contract is an agreement, in the OTC market, between two parties to buy or sell a certain underlying currency at a certain date in the future, at a specified price.

2.2.5.3 Reverse repurchase agreements

When the Fund purchases a financial asset and simultaneously enters into an agreement to resell the same or a substantially similar asset at a fixed price on a future date (reverse repurchase agreements), the arrangement is recognised in the balance sheet as an investment in a reverse repurchase agreement, and a disclosure of the underlying asset received as collateral is made in the notes to the financial statements.

2.2.6 Cash and cash equivalents

Cash in the balance sheet includes cash deposits held on call with banks. Cash equivalents include short-term liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, with original maturities of three months or less.

2.2.7 Collateral and margin cash

Cash collateral provided by the Fund is identified as an asset on the balance sheet as 'Cash collateral' and is not included as a component of cash and cash equivalents.

Cash balances held as margin with relevant brokers relating to investments in derivatives at the reporting date are identified on the balance sheet as 'Margin cash'.

Cash collateral provided to the Fund by counterparties is identified on the balance sheet as 'Cash collateral payable'. The Fund may reinvest this cash collateral and the assets purchased are included as 'Cash equivalents' on the balance sheet.

2.2.8 Redeemable shares

Each Fund classifies redeemable shares issued as financial liabilities or equity in accordance with the substance of the contractual terms of the instruments. Redeemable shares are measured at the present value of redemption amounts.

The redeemable shares are redeemable at the option of the holders and do not meet the conditions set out in Section 22.4 of FRS 102, to be classified as equity and as a result are classified as financial liabilities.

The redeemable shares are accounted for on the day the trade transaction takes place. Subscriptions and redemptions of redeemable shares are accounted for on the day the trade transaction takes place. Shares are subscribed and redeemed based upon the NAV per share as of the latest valuation point.

INSTITUTIONAL CASH SERIES PLC

NOTES TO THE FINANCIAL STATEMENTS (continued)

2. Significant accounting policies (continued)

2.2 Financial instruments (continued)

2.2.8 Redeemable shares (continued)

Where duties and charges are applied in the context of a subscription or redemption, they will have an impact on the value of an investment of a subscribing or redeeming investor and as a result are reflected as part of the issue of redeemable shares or the redemption of redeemable shares in the statement of changes in net assets attributable to redeemable shareholders. Any potential duties and charges are at the discretion of the Directors.

2.3 Foreign currency

2.3.1 Functional and presentation currency

Foreign currency items included in each Fund's financial statements are measured in each Fund's functional currency which is shown for each Fund in the headings of the financial statements.

The Directors consider that these currencies most accurately represent the economic effects of the underlying transactions, events and conditions of each Fund. Each Fund's presentation currency is the same as the functional currency.

The presentation currency of the Entity's financial statements is GBP.

2.3.2 Transactions and balances

Transactions in foreign currencies are translated into the functional currency of each Fund at the foreign currency exchange rate in effect at the date of the transaction.

Foreign currency assets and liabilities, including investments, are translated at the exchange rate prevailing at the reporting date.

The foreign exchange gain or loss based on the translation of the investments, as well as the gain or loss arising on the translation of other assets and liabilities, is included in the income statement.

2.4 Critical accounting estimates and judgements

The preparation of the financial statements in conformity with FRS 102 requires the use of certain critical accounting estimates. It also requires the Directors to exercise their judgement in the process of applying the Entity's accounting policies. Changes in assumptions may have a significant impact on the financial statements in the period the assumptions changed. The Directors believe that the underlying assumptions are appropriate and that the Entity's financial statements, therefore, present the Entity's financial position and its results fairly. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future years if the revision affects both current and future years. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed below.

2.4.1 Assumptions and estimation uncertainties

2.4.1.1 Fair value of OTC derivative financial instruments

OTC financial derivative instruments ("FDIs") are valued using valuation techniques, as detailed in the fair value hierarchy note to the financial statements. Where valuation techniques (for example, models) are used to determine fair values, they are validated and periodically reviewed and compared to the price provided by an independent pricing service provider, where available.

2.4.1.2 Fair value of financial instruments not quoted in an active market

The fair value of such instruments not quoted in an active market may be determined by the Fund using reputable pricing sources or indicative prices from bond/debt market makers. The Fund would exercise judgement and estimates on the quantity and quality of pricing sources used. Broker quotes as obtained from the pricing sources may be indicative and not executable or binding.

2.4.2 Judgements

2.4.2.1 Assessment as investment entities

The Directors are of the opinion that the Entity meets the definition of an investment entity. The following conditions exist:

- a. the Entity has obtained funds for the purpose of providing investors with investment management services; and
- b. the investments held by the Entity are measured and evaluated on a fair value basis and information about those investments are provided to shareholders on a fair value basis through the Entity.

2.5 Interest income and interest expense

Interest income and interest expense for all interest-bearing financial instruments are recognised in the income statement using the effective interest method.

2.6 Fees and expenses

Expenses are recognised in the income statement on an accruals basis except for transaction costs relating to the acquisition and realisation of investments which are charged for as incurred and presented within 'Net gains/(losses) on financial instruments', in the period in which they arise.

Expenses directly attributable to a specific class of shares are borne directly by such class solely.

2.7 Negative yield on financial assets

Negative yield on financial assets relating to interest from a negative effective interest rate on a financial asset is accreted daily and is recognised in the income statement over the life of the underlying instrument.

INSTITUTIONAL CASH SERIES PLC

NOTES TO THE FINANCIAL STATEMENTS (continued)

2. Significant accounting policies (continued)

2.8 Distributions

Distributions are recognised in the income statement as finance costs where shares in the Fund do not meet the conditions to be classified as equity and as a result are classified as financial liabilities.

The Directors may declare distributions on the shares of the class in respect of each financial period. Distributions may be paid out of the Fund's net income.

The Directors have implemented income equalisation arrangements to ensure that the level of income derived from investments is not affected by the issue, conversion or redemption of shares during the financial year. As part of the distribution payment, the average amount of this equalisation is returned to shareholders who subscribed to or redeemed from the Fund during the financial year. The equalisation element of the distribution is treated as a repayment of capital.

Distributions will not be made to the shareholders of the accumulating share classes. The income and other profits will be accumulated and reinvested in the Fund on behalf of these shareholders.

3. Financial risks

Each Fund's investment activities expose it to the various types of risk which are associated with the financial instruments and markets in which it invests. The following information is not intended to be a comprehensive summary of all risks and investors should refer to the base prospectus for a more detailed discussion of the risks inherent in investing in each Fund.

3.1 Risk management framework

The Directors review quarterly investment performance reports and receive semi-annual presentations from the Investment Manager covering the Entity's performance and risk profile during the financial year. The Directors have delegated the day-to-day administration of the investment programme to the Investment Manager. The Investment Manager is also responsible for ensuring that the Entity is managed within the terms of its investment guidelines and limits set out in the prospectus. The Directors reserve to themselves the investment performance, product risk monitoring and oversight and the responsibility for the monitoring and oversight of regulatory and operational risk for the Entity. The Manager has appointed a risk manager who has responsibility for the daily risk management process with assistance from key risk management personnel of the Investment Manager, including members of the BlackRock Risk and Quantitative Analysis Group ("RQA Group") which is a centralised group which performs an independent risk management function. The RQA Group independently identifies, measures and monitors investment risk, including climate-related risk. The RQA Group tracks the actual risk management practices being deployed across each Fund. By breaking down the components of the process, the RQA Group has the ability to determine if the appropriate risk management processes are in place across each Fund. This captures the risk management tools employed, how the levels of risk are controlled, ensuring risk/return is considered in portfolio construction and reviewing outcomes.

3.2 Market risk

Market risk arises mainly from uncertainty about future values of financial instruments influenced by currency, interest rate and price movements. It represents the potential loss each Fund may suffer through holding market positions in the face of market movements.

The Fund is exposed to market risk by virtue of their investment in debt instruments, equity instruments and derivatives.

A key metric used by the RQA Group to measure market risk is Value-at-Risk ("VaR") which encompasses currency, interest rate and price risk. VaR is a statistical risk measure that estimates the potential portfolio loss from adverse market movements in an ordinary market environment. VaR analysis reflects the interdependencies between risk variables, unlike a traditional sensitivity analysis.

The VaR calculations are based on an adjusted historical simulation model with a confidence level of 99%, a holding period of one day and a historical observation period of not less than one year (250 days). A VaR number is defined at a specified probability and a specified time horizon. A 99% one day VaR means that the expectation is that 99% of the time over a one-day period each Fund will lose no more than this number in percentage terms. Therefore, higher VaR numbers indicate higher risk.

It is noted that the use of VaR methodology has limitations, namely that the use of historical market data as a basis for estimating future events does not encompass all possible scenarios, particularly those that are of an extreme nature and that the use of a specified confidence level (e.g. 99%) does not take into account losses that occur beyond this level. There is some probability that the loss could be greater than the VaR amounts. These limitations and the nature of the VaR measure mean that each Fund can neither guarantee that losses will not exceed the VaR amounts indicated, nor that losses in excess of the VaR amounts will not occur more frequently.

The one-day VaR based on 99% confidence level is outlined in the table below:

Fund name	2023 %	2022 %

3.2.1 Market risk arising from foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

Exposure to foreign currency risk

Each Fund may invest in financial instruments denominated in currencies other than its functional currency. Consequently, each Fund is exposed, directly and/or indirectly, to risks that the exchange rate of its functional currency relative to other currencies may change in a manner which has an adverse effect on the value of the portion of each Fund's assets which are denominated in currencies other than its own currency.

The details of the open forward currency contracts in place to hedge foreign currency risk at the financial year end date are disclosed in the schedules of investments.

All, or substantially all, of each Fund's investments is denominated in the functional currency of each Fund and therefore was not directly exposed to foreign currency risk as at 30 September 2023 and 30 September 2022.

3.2.2 Market risk arising from interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Exposure to interest rate risk

Each Fund is exposed to interest rate risk through its cash and cash equivalent holdings including margin cash held with brokers, use of credit facilities, and through its investments in interest bearing financial instruments which are disclosed in the schedules of investments.

Management of interest rate risk

Interest rate risk exposure is managed by constantly monitoring the position for deviations outside of a pre-determined tolerance level and, when necessary, rebalancing back to the original desired parameters.

Cash is invested into money market funds to generate a return to protect the Fund against unfavourable movements in interest rates.

3.2.3 Market risk arising from price risk

Price risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting similar financial instruments traded in the market. Local, regional or global events such as war, acts of terrorism, the spread of infectious illness or other public health issue, such as the COVID-19 pandemic, recessions, climate change or other events could have a significant impact on each Fund and market prices of its investments.

Exposure to price risk

Each Fund is exposed to price risk arising from its investments in financial instruments. The exposure of each Fund to price risk is the fair value of the investments held as shown in the schedule of investments of each Fund.

Management of price risk

By diversifying the portfolio, where this is appropriate and consistent with each Fund's objectives, the risk that a price change of a particular investment will have a material impact on the NAV of each Fund is minimised.

There is a risk that the valuation of each Fund may not fairly reflect the value of the investments held at a specific time due to events outside the control of the Directors, which could result in significant losses or inaccurate pricing for each Fund. To mitigate this risk the Directors may temporarily suspend the determination of the NAV of any Fund until a fair or reasonable valuation of the investments held can be determined.

3.3 Liquidity risk

Liquidity risk is the risk that each Fund will encounter difficulties in meeting obligations associated with financial liabilities.

Exposure to liquidity risk

Each Fund's principal liquidity risks arise from the ability of investors to effect redemption requests and the liquidity of the underlying investments each Fund has invested in.

Each Fund's shareholders may redeem their shares on the close of any daily dealing deadline for cash equal to a proportionate share of each Fund's NAV, excluding any duties and charges where applicable. Each Fund is therefore potentially exposed to the liquidity risk of meeting the shareholders' redemptions and may need to sell assets at prevailing market prices to meet liquidity demands.

INSTITUTIONAL CASH SERIES PLC

NOTES TO THE FINANCIAL STATEMENTS (continued)

3. Financial risks (continued)

3.3 Liquidity risk (continued)

Exposure to liquidity risk (continued)

Some Funds may invest in CIS which can impose notice periods or other restrictions on redemptions and this may increase the liquidity risk of each Fund. Each Fund is also exposed to liquidity risk associated with daily margin calls on FDIs.

All of the Fund's financial liabilities, based on contractual maturities, fall due within three months. The expected settlement dates can be more than three months based on the analysis of the remaining period at the reporting date to the maturity date and are outlined in the schedules of investments.

Management of liquidity risk

Liquidity risk is minimised by holding sufficient liquid investments which can be readily realised to meet liquidity demands. Asset disposals may also be required to meet redemption requests. However, timely sale of trading positions can be impaired by many factors including trading volume and increased price volatility. As a result, each Fund may experience difficulties in disposing of assets to satisfy liquidity demands.

Each Fund's liquidity risk is managed by the Investment Manager in accordance with established policies and procedures in place. The portfolio managers review daily forward-looking cash reports which project cash obligations. These reports allow them to manage their cash obligations. If redemption requests from all holders of shares in a Fund exceed more than 10% of the NAV of each Fund on any particular dealing day, the Directors shall be entitled, at their discretion, to refuse to redeem such excess numbers of shares in issue from each Fund. The shares which are not redeemed at any given dealing day shall be redeemed on each subsequent dealing day on a pro-rata basis in priority to any requests received thereafter.

None of the assets of the Funds are subject to special liquidity arrangements.

The Valuations (and consequently issues, redemptions and transfers) of Shares of any Fund or Class may be temporarily suspended in certain circumstances including:

(i) the closure of or suspension or restriction of trading on any stock exchange or market on which a substantial proportion of the relevant Investments are quoted or traded;

(ii) conditions which in the opinion of the Directors make it impractical or inappropriate to dispose of Investments held in the Fund without seriously harming the Company or any class of its Shareholders;

(iii) if the means of communication normally used for the purpose of determining the price or value of Investments held by the Fund cannot be used or for some other reason the price or value of such Investments cannot be determined normally, quickly and correctly;

(iv) if any transfer of funds necessary for dealings in the relevant Investments cannot be made normally at normal exchange rates;

(v) if notice is given of a meeting at which a resolution is to be proposed to wind up the Company or where notice has been given or a resolution passed for the closure of a Fund as explained under the Section headed "Closure and Termination";

(vi) in the case of the LVNAV Liquidity Funds and the Sovereign Funds, if the proportion of weekly maturing assets falls below 30% of the total assets, net daily redemptions on a Dealing Day exceed 10% of the total assets and the Directors consider it to be in the best interests of the Shareholders; or

(vii) in the case of the LVNAV Liquidity Funds and the Sovereign Funds, if the proportion of weekly maturing assets falls below 10% of the total assets and the Directors consider it to be in the best interests of the Shareholders.

3.4 Counterparty credit risk

Counterparty credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

Exposure to counterparty credit risk

Each Fund is exposed to counterparty credit risk from the parties with which it trades and will bear the risk of settlement default.

Each Fund's exposure is limited to the contracts in which it currently has a financial asset position reduced by any collateral received from the counterparty, or to counterparties who have received collateral from each Fund. The carrying value of financial assets together with cash held with counterparties best represents each Fund's gross maximum exposure to counterparty credit risk at the reporting date, before including the effect of any ISDA Master Agreement or similar agreement, and netting, which would reduce the overall counterparty credit risk exposure. Each Fund only transacts with counterparties that are regulated entities subject to prudential supervision, or with high credit-ratings assigned by international credit-rating agencies. Cash held as security by the counterparty to FDI contracts is subject to the credit risk of the counterparty.

All transactions in listed securities are settled/paid for upon delivery of securities, using approved brokers. Risk relating to unsettled transactions is considered low due to the short settlement period involved and the high credit quality of the brokers used.

INSTITUTIONAL CASH SERIES PLC

NOTES TO THE FINANCIAL STATEMENTS (continued)

3. Financial risks (continued)

3.4 Counterparty credit risk (continued)

Management of counterparty credit risk

Counterparty credit risk is monitored and managed by BlackRock's RQA Counterparty & Concentration Risk Team. The team is headed by BlackRock's Chief Counterparty Credit Officer who reports to the Global Head of RQA. Credit authority resides with the Chief Counterparty Credit Officer and selected team members to whom specific credit authority has been delegated. As such, counterparty approvals may be granted by the Chief Counterparty Credit Officer, or by identified RQA Credit Risk Officers who have been formally delegated authority by the Chief Counterparty Credit Officer.

The BlackRock RQA Counterparty & Concentration Risk Team completes a formal review of each new counterparty, monitors and reviews all approved counterparties on an ongoing basis and maintains an active oversight of counterparty exposures and the collateral management process.

There were no past due or impaired balances in relation to transactions with counterparties as at 30 September 2023 or 30 September 2022.

3.4.1 FDIs

Each Fund's holdings in exchange traded and OTC FDIs expose the Fund to counterparty credit risk.

3.4.1.1 Exchange traded FDIs

The exposure is limited by trading contracts through a clearing house. Each Fund's exposure to credit risk on contracts in which it currently has a gain position is reduced by such gains received in cash from the counterparty under the daily mark-to-market mechanism on exchange traded contracts (variation margin). Each Fund's exposure to credit risk on contracts in which it currently has a loss position is equal to the amount of margin posted to the counterparty which has not been transferred to the exchange under the daily mark-to-market mechanism.

3.4.1.2 OTC FDIs

The risk in relation to OTC FDIs arises from the failure of the counterparty to perform according to the terms of the contract as these FDI transactions are traded bilaterally and not through a central clearing counterparty.

All OTC FDI transactions are entered into by each Fund under an ISDA Master Agreement or similar agreement. An ISDA Master Agreement is a bilateral agreement between each Fund and a counterparty that governs OTC FDI transactions entered into by the parties.

The parties' exposures under the ISDA Master Agreement are netted and collateralised together, therefore, any collateral disclosures provided are in respect of all OTC FDI transactions entered into by each Fund under the ISDA Master Agreement. All cash collateral received/posted by each Fund under the ISDA Master Agreement is transferred bilaterally under a title transfer arrangement.

Each Fund is the legal owner of inbound collateral and can sell the assets and withhold the cash in the case of default. If the counterparty fulfils its obligations in relation to the investment, each Fund will return an equal amount of cash to the counterparty on maturity or sale of the investment. When each Fund return securities collateral to the counterparty, it must be of the same type, nominal value, description and amount as the securities that were transferred to each Fund. Trading in OTC FDIs which have not been collateralised give rise to counterparty exposure.

Each Fund's maximum exposure to counterparty credit risk from holding forward currency contracts will be equal to the notional amount of the currency contract and any net unrealised gains as disclosed in the relevant Fund's schedule of investments.

Forward currency contracts do not require variation margins and the counterparty credit risk is monitored through the BlackRock RQA Counterparty & Concentration Risk Team who monitor the creditworthiness of the counterparty.

Each Fund has the right to reinvest cash collateral received. Cash collateral pledged by each Fund is separately identified on the balance sheets as cash collateral and is not included as a component of cash and cash equivalents. Inbound cash collateral received by each Fund is reflected on the balance sheets as cash collateral payable. Each Fund is also exposed to counterparty risk of rehypothecation of pledged collateral. The value of inbound cash collateral and cash collateral pledged is reflected on the balance sheets of each Fund.

The following tables detail the total number of OTC FDI counterparties each Fund is exposed to, the lowest long-term credit rating of any one counterparty (or its ultimate parent, if it is unrated), the maximum exposure to any one counterparty (which is calculated on a net basis) and the related total cash and non-cash collateral received to this individual counterparty exposure, where applicable:

As at 30 September 2023	Currency	Total number of counterparties	Lowest credit rating of any one counterparty	Maximum exposure to any one counterparty '000	Total collateral received in relation to the maximum exposure '000
BlackRock ICS Sterling Ultra Short Bond Fund	GBP	4	A-	–	–
BlackRock ICS US Dollar Ultra Short Bond Fund	USD	6	A	370	–

BlackRock ICS US Dollar Ultra Short Bond Fund	USD	8	A-	7,324	–

3.4.2 Depository

The majority of the investments are held by the Depository at the financial year end. Investments are segregated from the assets of the Depository, with ownership rights remaining with each Fund. Bankruptcy or insolvency of the Depository may cause the Funds' rights with respect to its investments held by the Depository to be delayed or limited. The maximum exposure to this risk is the amount of long investments disclosed in the schedules of investments, plus any unsettled trades.

Substantially all of the cash of each Fund is held with the Depository's affiliate, JP Morgan Chase Bank NA in its capacity as banker (the "Depository's affiliate").

In respect of the cash held by the Depository's affiliate, each Fund will be exposed to counterparty credit risk of the Depository's affiliate. In the event of the insolvency or bankruptcy of the Depositories, each Fund will be treated as a general creditor of the Depositories affiliate.

To mitigate each Fund's exposure to the Depository, the Investment Manager employs specific procedures to ensure that the Depository is a reputable institution and that the counterparty credit risk is acceptable to each Fund. Each Fund only transacts with Depository that are regulated entities subject to prudential supervision, or with "high credit ratings" assigned by international credit rating agencies.

The long-term credit rating of the parent company of the Depository as at 30 September 2023 is A+ (30 September 2022: A+) (Standard & Poor's rating).

In order to further mitigate each Fund's counterparty credit risk exposure to the Depository's affiliate or depository banks, each Fund may enter into additional arrangements such as the placing of residual cash in a money market fund.

3.4.3 Issuer credit risk relating to debt instruments

Issuer credit risk is the default risk of one of the issuers of any debt instruments held by each Fund. Debt instruments involve credit risk to the issuer which may be evidenced by the issuer's credit rating. Securities which are subordinated and/or have a lower credit rating are generally considered to have a higher credit risk and a greater possibility of default than more highly rated. A number of the Funds invest into sovereign debt and corporate debt which expose them to the default risk of the issuer with regards to interest or principal payments.

The credit rating for all debt securities held was investment grade.

To manage this risk, the Investment Manager, where appropriate and consistent with each Fund's objectives, invests in a wide range of debt instruments. The ratings of debt instruments are continually monitored by the BlackRock Portfolio Management Group ("PMG") and for non-rated or securities with subordinated or lower credit ratings, additional specific procedures are employed to ensure the associated credit risk is acceptable to each Fund.

3.4.4 Issuer credit risk relating to reverse repurchase agreements

Issuer and/or counterparty credit risks in each Fund also arise from its investments in reverse repurchase agreements.

All reverse repurchase agreements are entered into by each Fund with a counterparty under a Global Master Repurchase Agreement ("GMRA"). All collateral received by each Fund under the GMRA is transferred under a title transfer arrangement. Collateral received by each Fund is held in an account in the name of the Depository behalf of each Fund, and in case of tri-party repurchase agreements with a tri-party collateral manager in the name of the Depository on behalf of each Fund. Collateral received is segregated from the assets belonging to each Fund's Depository.

The following tables detail the value of the reverse repurchase transaction and associated collateral received.

Fund Name	Currency	Value of reverse repurchase agreements	Value of collateral received	Value of reverse repurchase agreements	Value of collateral received
		30 September 2023 '000		30 September 2022 '000	'000

BlackRock ICS US Dollar Liquid Environmentally Aware Fund	USD	998,120	1,020,627	923,000	938,782
BlackRock ICS US Dollar Liquidity Fund	USD	9,380,100	9,570,557	12,230,000	12,414,819
BlackRock ICS US Treasury Fund	USD	12,531,000	12,728,208	12,060,001	12,153,051

As at 30 September 2023 and 30 September 2022, collateral consists largely of debt instruments.

4. Fair value hierarchy

Each Fund classifies financial instruments measured at fair value using a fair value hierarchy. The fair value hierarchy has the following categories:

Level 1: The unadjusted quoted price in an active market for identical assets or liabilities that the entity can access at the measurement date.

Level 2: Inputs other than quoted prices included within level 1 that are observable (i.e. developed using market data) for the asset or liability, either directly or indirectly. This category includes instruments valued using: quoted market prices in active markets for similar instruments; quoted prices for identical or similar instruments in markets that are considered less than active; or other valuation techniques where all significant inputs are directly or indirectly observable from market data.

Level 3: Inputs are unobservable (i.e. for which market data is unavailable) for the asset or liability. This category includes all instruments where the valuation techniques used include inputs not based on market data and these inputs could have a significant impact on the instrument's valuation. This category also includes instruments that are valued based on quoted prices for similar instruments where significant entity determined adjustments or assumptions are required to reflect differences between the instruments and instruments for which there is no active market.

Specific valuation techniques used to value financial instruments classified as level 2 and/or level 3 include:

- (i) for debt and equity instruments, the use of quoted market prices or dealer quotes for similar instruments;
- (ii) for investments which are a share of participation in an investee collective investment scheme ("CIS") and investments in exchange traded funds ("ETFs") where the Fund typically trades the units held at the latest NAV for that ETF, are valued at the unaudited NAV, and where available the independently audited NAV, on the valuation date of such unit of participation as calculated by the administrator of the investee CIS and ETF and in accordance with the requirements of the scheme of which the relevant investment is a share of participation. The unaudited NAV of the underlying investee CIS and ETF is reflected gross of any redemption costs which may potentially arise upon redemption from the underlying CIS and ETF. The unaudited NAV of the underlying investee CIS and ETF may be subject to adjustments upon issuance of their respective independently audited financial statements and such adjustments may be material to the Fund's financial statements;
- (iii) for foreign equities, using independent fair value adjustment factors to reflect the difference between the last market close and the valuation point of each Fund;
- (iv) for defaulted debt instruments, the use of recent transactions and defaulted equity instruments for which market data is unavailable;
- (v) for interest rate swaps, the present value of the estimated future cash flows based on observable yield curves;
- (vi) for total return swaps, the value of the estimated cash flows based on the market value of the underlying reference asset or index at the balance sheet date;
- (vii) for inflation swaps, the present value of the estimated future cash flows based on observable yield curves. Certain zero coupon inflation swaps may be valued using a single quote from the swap counterparty, where the model and inputs are not market observable;
- (viii) for foreign currency forwards, present value of future cash flows based on the forward exchange rates at the balance sheet date;
- (ix) for SPAC PIPE commitments, the use of underlying quoted market prices and application of discounts for lack of marketability, volatility and deal probabilities;
- (x) for foreign currency options, option pricing models; and
- (xi) for other financial instruments, discounted cash flow analysis.

INSTITUTIONAL CASH SERIES PLC

NOTES TO THE FINANCIAL STATEMENTS (continued)

4. Fair value hierarchy (continued)

All of the resulting fair value estimates are included in level 2 except for unlisted equity securities, a contingent consideration receivable and certain derivative contracts, where the fair values have been determined based on present values and the discount rates used were either not market observable or adjusted for counterparty or own credit risk, or certain CISs which have gates or redemption restrictions imposed or that can't be redeemed within 90 days, are included in level 3.

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The determination of what constitutes 'observable' inputs requires significant judgement. The Directors consider observable inputs to be market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The following tables provide an analysis of each Fund's financial assets and financial liabilities measured at fair value as at 30 September 2023 and 30 September 2022:

Management fees (inclusive of investment management, administrator and depositary fees):

The Manager has agreed with the Entity to limit the annual expenses (as defined in the prospectus) of each class within a Fund to a maximum of 1% per annum of the NAV of such class, or to such lesser amount as the Manager may agree for any class within a Fund. The Manager will be responsible for discharging from its fee the annual expenses of the Funds. Where actual fees and costs incurred exceed the amount paid to the Manager, the excess will be discharged by the Manager from its own assets. The fee will be accrued on a daily basis and will be paid monthly in arrears.

As each voluntary cap has been agreed to by the Manager on a voluntary basis, the Manager may from time to time increase or decrease the voluntary cap in respect of any particular class in any Fund by notice to the Company in which case the Company will notify the shareholders of the class in question (but will not increase it above 1% as aforesaid without approval of the shareholders of the class in question). Furthermore, a voluntary cap may not be increased above the relevant capped amount without 30 days prior written notice to the shareholders of the class in question.

The management fee waiver is disclosed in the operating expenses note 6.

The Manager has further agreed that the annual expenses within a Fund will be capped at the rates set out in the table below:

Share class	Management Fee (including fee for Administrator and Depositary and Investment Management Fee where applicable) up to the following: %

NOTES TO THE FINANCIAL STATEMENTS (continued)

8. Interest expense or similar charges

The interest expense or similar charges within the income statement consists only of interest expenses on cash for the Funds.

9. Distributions to redeemable shareholders

The Entity may declare and pay dividends on any distributing class of shares in the Entity. In accordance with the prospectus, any dividend which has remained unclaimed for six years from the date of its declaration shall be forfeited and cease to remain owing by the Entity to investors and become the property of the relevant Fund.

Distributions declared during the financial year were as follows:

10. Taxation

Irish tax

Under current law and practice, the Entity qualifies as an investment undertaking as defined in Section 739B of the Taxes Consolidation Act, 1997, as amended. On that basis it is not chargeable to Irish tax on its income or gains. However, Irish tax may arise on the occurrence of a 'chargeable event'. A chargeable event includes any distribution payments to shareholders or any encashment, redemption, cancellation or transfer of shares and the holding of shares at the end of each eight year period beginning with the acquisition of such shares.

No Irish tax will arise on the Entity in respect of chargeable events in respect of:

- a) A shareholder who is neither Irish resident nor ordinarily resident in Ireland for tax purposes, at the time of the chargeable event, provided appropriate valid declarations in accordance with the provisions of the Taxes Consolidation Act, 1997, as amended, are held by the Entity; or the Entity has been authorised by the Irish Revenue to make gross payments in the absence of appropriate declarations; and
- b) Certain exempted Irish tax resident shareholders who have provided the Entity with the necessary signed annual declarations.

Overseas tax

Dividends, interest and capital gains (if any) received on investments made by the Entity may be subject to withholding taxes imposed by the country from which the investment income/gains are received, and such taxes may not be recoverable by the Entity or its shareholders.

For financial reporting purposes, and in accordance with FRS 102, the Entity must recognise a provision for deferred tax payable arising from material timing differences between the taxation of unrealised gains in the financial statements and actual realisable taxable profits.

13. Share capital

Authorised

The authorised share capital of the Entity is 40,000 subscriber shares of a par value of €1.00 each and 500,000,000,000 participating shares of no par value.

Subscriber shares

3 subscriber shares are currently in issue and are held by the Manager and nominees of the Manager at 30 September 2023 and 30 September 2022. They do not form part of the NAV of the Entity. They are thus disclosed in the financial statements by way of this note only. In the opinion of the Directors this disclosure reflects the nature of the Entity's investment business.

Voting rights

The holders of the subscriber shares and redeemable shares shall, on a poll, be entitled to one vote per share.

16. Related party transactions

Parties are considered to be related if one party has the ability to control the other party or is able to exercise significant influence over the other party, in making financial or operational decisions.

The following entities were related parties to the Entity during the financial year ended 30 September 2023:

Board of Directors of the Entity	
Manager:	BlackRock Asset Management Ireland Limited
Investment Manager Principal Distributor and Sub-Investment Manager:	BlackRock Investment Management (UK) Limited
US Investment Manager:	BlackRock Capital Management, Inc.
Representative in Denmark:	BlackRock Copenhagen Branch
Representative in South Africa:	BlackRock Investment Management (UK) Limited (South African Branch)
Representative in Switzerland:	BlackRock Asset Management Schweiz AG

The ultimate holding company of the Manager, Investment Manager, Principal Distributor, Sub-Investment Manager, US Investment Manager, Representative in Denmark, Representative in South Africa and Representative in Switzerland is BlackRock, Inc. a company incorporated in Delaware USA.

The US Investment Manager has sub-delegated certain portfolio management functions to the Sub-Investment Managers presented in table below:

Fund name	Sub-Investment Manager
BlackRock ICS US Dollar Liquid Environmentally Aware Fund	BlackRock Investment Management (UK) Limited
BlackRock ICS US Dollar Liquidity Fund	
BlackRock ICS US Dollar Ultra Short Bond Fund	
BlackRock ICS US Treasury Fund	

The Investment Manager will arrange for the fees and expenses of the Sub-Investment Managers to be paid out of the Investment Manager's own fees.

Fees paid to the Manager and Investment Manager during the financial year, the nature of these transactions and balances outstanding at the financial year end are disclosed in note 6 and note 12 respectively.

INSTITUTIONAL CASH SERIES PLC

NOTES TO THE FINANCIAL STATEMENTS (continued)

16. Related party transactions (continued)

The Directors as at 30 September 2023 are presented in the table below:

Directors	Employee of the BlackRock Group	Director of BlackRock affiliates and/or other funds managed by BlackRock
Barry O'Dwyer	No	Yes
Becky Tilston Hales	Yes	Yes
Nicola Grenham	No	Yes
Tom McGrath	Yes	Yes

Directors fees are disclosed in the statutory information note to the financial statements. The aggregate emolument of the Directors relates to services provided as directors. The Directors who are also employees of the BlackRock Group are not entitled to receive Directors' fees.

Holdings in other funds managed by BlackRock

Investments in funds managed by BlackRock, Inc. and investments that are BlackRock affiliates are listed below and marked on the relevant Funds' schedule of investments. For underlying funds which are subject to investment management or performance fees, these have been rebated back to the Fund.

The Entity invested in the following funds which are also managed by the Manager. For income earned on these related party funds please refer to the operating income. Further information on the fees charged from investing in these underlying funds is presented in the table below. These disclosed fees are the maximum charges capped as per the prospectus of the underlying funds and actual fees charged may be lower:

Investments	Fee paid by Fund
Investment Company - UCITS authorised in Ireland by CBI	
BlackRock ICS Sterling Liquidity Fund - Agency (Dis) Shares	Annual expense capped at 0.03% of NAV ¹
BlackRock ICS US Dollar Liquidity Fund - Agency (Dis) Shares	Annual expense capped at 0.03% of NAV ¹

¹The Manager of these investments will be responsible for discharging from its fee the annual expenses of the Funds. Where actual fees and costs incurred exceed the amount paid to the Manager, the excess will be discharged by the Manager from its own assets.

All related party transactions were carried out at arm's length in the ordinary course of business. The terms and returns received by the related parties in making the investments were no more favourable than those received by other investors investing into the same share classes.

Significant investors

The following investors are:

- funds managed by the BlackRock Group or are affiliates of BlackRock, Inc. ("BlackRock Related Investors") or
- investors (other than those listed in (a) above) who held more than 20% of the voting shares in issue in the Entity and are as a result, considered to be related parties to the Entity ("Significant Investors").

As at 30 September 2023

Fund name	Total % of shares held by BlackRock Related Investors	Total % of shares held by Significant Investors who are not BlackRock Related Investors	Number of Significant Investors who are not BlackRock Related Investors

No provisions have been recognised by the Funds against amounts due from related parties at the financial year end date (30 September 2022: Nil).

No amounts have been written off during the financial year in respect of amounts due to or from related parties (30 September 2022: Nil).

No commitments secured or unsecured or guarantees have been entered into with related parties during the financial year (30 September 2022: Nil).

17. Commitments and contingent liabilities

There were no significant commitments or contingent liabilities as at 30 September 2023 and 30 September 2022.

18. Statutory information

The following fees were included within management fees for the financial year:

	2023 EUR '000	2022 EUR '000
Directors' fees	65	61
Audit fee (including expenses) relating to the audit of the annual financial statements	117	109
Non-audit fees	75	Nil

Directors' fees will not exceed the sum of GBP 50,000 per annum per Director without the approval of the Board of Directors.

19. Subsequent events

On 10 November 2023, an updated prospectus was issued for the Entity to incorporate the following changes:

- Updates to Director information and SFDR information.
- Removal of references to investment in contracts for differences.
- Minor updates to the investment policy sections intended to closely align with the provisions of the Money Market Funds Regulation.

On 5 December 2023, Becky Tilston Hales resigned as a non-executive Director of the Entity and Francis Drought was appointed as a non-executive Director of the Entity.

A new consultation CP23/28 'Updating the regime for Money Market Funds' was issued by FCA on 6 December 2023 on Money Market Funds (MMFs). This consultation sets out proposals to enhance the resilience of MMFs based in the UK. It has been developed in close consultation with the UK Treasury and the Bank of England. One of the changes proposed is to increase the minimum proportion of highly liquid assets that all MMF types have to hold. This will ensure that MMFs have enough liquid assets to withstand large amounts of withdrawals over a short period in severe but plausible market stresses. Consultation will close on 8 March 2024.

INSTITUTIONAL CASH SERIES PLC

NOTES TO THE FINANCIAL STATEMENTS (continued)

19. Subsequent events (continued)

On 11 January 2024, the Admin III (Acc T0) Share Class, the Admin III (Dis) Share Class and the Admin IV (Acc T0) Share Class were launched respectively for the BlackRock ICS Euro Government Liquidity Fund, the BlackRock ICS Sterling Government Liquidity Fund and the BlackRock ICS US Dollar Liquidity Fund.

Other than the above, there have been no events subsequent to the financial year end, which, in the opinion of the Directors, may have had an impact on the financial statements for the financial year ended 30 September 2023.

20. Approval date

The financial statements were approved by the Directors on 24 January 2024.

The CBI requires a schedule of material changes in the composition of the portfolio during the financial year. These are defined as aggregate purchases of a security exceeding one per cent of the total value of purchases for the financial year and aggregate disposals greater than one per cent of the total value of sales. At a minimum the largest 20 purchases and 20 sales must be given or all purchases and sales if less than 20. A full listing of the portfolio changes for the financial period is available, upon request, at no cost from the Administrator.

The CBI requires a schedule of material changes in the composition of the portfolio during the financial year. These are defined as aggregate purchases of a security exceeding one per cent of the total value of purchases for the financial year and aggregate disposals greater than one per cent of the total value of sales. At a minimum the largest 20 purchases and 20 sales must be given or all purchases and sales if less than 20. A full listing of the portfolio changes for the financial period is available, upon request, at no cost from the Administrator.

The CBI requires a schedule of material changes in the composition of the portfolio during the financial year. These are defined as aggregate purchases of a security exceeding one per cent of the total value of purchases for the financial year and aggregate disposals greater than one per cent of the total value of sales. At a minimum the largest 20 purchases and 20 sales must be given or all purchases and sales if less than 20. A full listing of the portfolio changes for the financial period is available, upon request, at no cost from the Administrator.

The CBI requires a schedule of material changes in the composition of the portfolio during the financial year. These are defined as aggregate purchases of a security exceeding one per cent of the total value of purchases for the financial year and aggregate disposals greater than one per cent of the total value of sales. At a minimum the largest 20 purchases and 20 sales must be given or all purchases and sales if less than 20. A full listing of the portfolio changes for the financial period is available, upon request, at no cost from the Administrator.

TRANSACTIONS WITH CONNECTED PERSONS (UNAUDITED)

In accordance with the requirements of the CBI, the Manager shall ensure that any transactions carried out between each Fund and the Manager or Depositary to a Fund, the delegates or sub-delegates of the Manager or Depositary (excluding any non-group company sub-custodians appointed by a Depositary) and any associated or group company of the Manager, Depositary, delegate or sub-delegate ("Connected Persons") must be conducted at arm's length and in the best interests of the shareholders.

The Directors are satisfied that there are arrangements in place, as evidenced by written procedures, to ensure that the obligations set out above are applied to all transactions with Connected Persons and that transactions with Connected Persons entered into during the financial year complied with this obligation.

INSTITUTIONAL CASH SERIES PLC

TRANSACTIONS WITH CONNECTED PERSONS (UNAUDITED) (continued)

TRANSACTION COSTS (UNAUDITED)

Not all transaction costs are separately identifiable. For certain debt instruments, transaction costs will be included in the purchase and sales price of the investment and are not separately disclosed.

SOFT COMMISSIONS (UNAUDITED)

There were no soft commission arrangements entered into by the Investment Manager on behalf of each Fund during the financial year ended 30 September 2023.

CROSS INVESTMENTS (UNAUDITED)

Each Fund below held the following cross umbrella investments as at 30 September 2023. These investments have not been eliminated for presentation purposes in the Entity's combined results.

Fund	Cross umbrella investment	Fair Value '000	% of aggregated umbrella net assets value
BlackRock ICS Sterling Ultra Short Bond Fund	BlackRock ICS Sterling Liquidity Fund - Agency (Dis) Shares	85,000	0.05
BlackRock ICS US Dollar Ultra Short Bond Fund	BlackRock ICS US Dollar Liquidity Fund - Agency (Dis) Shares	163,052	0.09

GLOBAL EXPOSURE (UNAUDITED)

The Directors are required by regulation to employ a risk management process, which enables it to monitor accurately and manage the global exposure from FDIs which each Fund gains as a result of its strategy ("global exposure").

The Directors uses the methodology known as the "commitment approach" in order to measure the global exposure of each Fund and manage the potential loss to them due to market risk.

The commitment approach is a methodology that aggregates the underlying market or notional value of FDI to determine the global exposure of each Fund to FDI.

Pursuant to the relevant regulations, global exposure for a Fund utilising the commitment approach must not exceed 100% of the Fund's NAV.

LEVERAGE (UNAUDITED)

The use of FDIs may expose a Fund to a higher degree of risk. In particular, FDI contracts can be highly volatile, and the amount of initial margin is generally small relative to the size of the contract so that transactions may be leveraged in terms of market exposure. A relatively small market movement may have a potentially larger impact on FDIs than on standard bonds or equities. Leveraged FDI positions can therefore increase a Fund's volatility.

INSTITUTIONAL CASH SERIES PLC

REPORT ON REMUNERATION (UNAUDITED)

The below disclosures are made in respect of the remuneration policies of the BlackRock group ("BlackRock"), as they apply to BlackRock Asset Management Ireland Limited (the "Manager"). The disclosures are made in accordance with the Directive 2009/65/EC on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities ("UCITS"), as amended, including in particular by Directive 2014/91/EU of the European Parliament and of the council of 23 July 2014, (the "Directive"), and the "Guidelines on sound remuneration policies under the UCITS Directive and AIFMD" issued by the European Securities and Markets Authority.

BlackRock's UCITS Remuneration Policy (the "UCITS Remuneration Policy") will apply to the EEA entities within the BlackRock group authorised as a manager of UCITS funds in accordance with the Directive, and will ensure compliance with the requirements of Article 14b of the Directive, and to UK entities within the BlackRock group authorised by The financial conduct authority ("FCA") as a manager of a UK UCITS fund.

The Manager has adopted the UCITS Remuneration Policy, a summary of which is set out below.

Remuneration Governance

BlackRock's remuneration governance in EMEA operates as a tiered structure which includes: (a) the Management Development and Compensation Committee ("MDCC") (which is the global, independent remuneration committee for BlackRock, Inc. and (b) the Manager's board of directors (the "Manager's Board"). These bodies are responsible for the determination of BlackRock's remuneration policies which includes reviewing the remuneration policy on a regular basis and being responsible for its implementation.

The implementation of the remuneration policy is annually subject to central and independent review for compliance with policies and procedures for remuneration adopted by the MDCC and by the Manager's Board. The remuneration disclosure is produced and owned by MDCC and the Manager's Board.

(a) MDCC

The MDCC's purposes include:

- providing oversight of:
 - BlackRock's executive compensation programmes;
 - BlackRock's employee benefit plans; and
 - such other compensation plans as may be established by BlackRock from time to time for which the MDCC is deemed as administrator;
- reviewing and discussing the compensation discussion and analysis included in the BlackRock, Inc. annual proxy statement with management and approving the MDCC's report for inclusion in the proxy statement;
- reviewing, assessing and making reports and recommendations to the BlackRock, Inc. Board of Directors (the 'BlackRock, Inc. Board') as appropriate on BlackRock's talent development and succession planning, with the emphasis on performance and succession at the highest management levels; and
- supporting the boards of the Company's EMEA regulated entities in meeting their remuneration-related obligations by overseeing the design and implementation of EMEA remuneration policy in accordance with applicable regulations.

The MDCC directly retains its own independent compensation consultant, Semler Brossy Consulting Group LLC, who has no relationship with BlackRock, Inc. or the BlackRock, Inc. Board that would interfere with its ability to provide independent advice to the MDCC on compensation matters.

The BlackRock, Inc. Board has determined that all of the members of the MDCC are "independent" within the meaning of the listing standards of the New York Stock Exchange (NYSE), which requires each meet a "non-employee director" standard.

The MDCC held 7 meetings during 2022. The MDCC charter is available on BlackRock, Inc.'s website (www.blackrock.com).

(b) The Manager's Board

The Manager's Board has the task of supervising and providing oversight of the UCITS Remuneration Policy as it applies to the Manager and its Identified Staff.

Decision-making process

Remuneration decisions for employees are made once annually in January following the end of the performance year. This timing allows full-year financial results to be considered along with other non-financial goals and objectives. Although the framework for remuneration decision-making is tied to financial performance, significant discretion is used to determine individual variable remuneration based on achievement of strategic and operating results and other considerations such as management and leadership capabilities.

No set formulas are established and no fixed benchmarks are used in determining annual incentive awards. In determining specific individual remuneration amounts, a number of factors are considered including non-financial goals and objectives and overall financial and investment performance. These results are viewed in the aggregate without any specific weighting, and there is no direct correlation between any particular performance measure and the resulting annual incentive award. The variable remuneration awarded to any individual(s) for a particular performance year may also be zero.

Annual incentive awards are paid from a bonus pool.

INSTITUTIONAL CASH SERIES PLC

REPORT ON REMUNERATION (UNAUDITED) (continued)

Decision-making process (continued)

The size of the projected bonus pool, including cash and equity awards, is reviewed throughout the year by the MDCC and the final total bonus pool is approved after year-end. As part of this review, the MDCC receives actual and projected financial information over the course of the year as well as final year-end information. The financial information that the MDCC receives and considers includes the current year projected income statement and other financial measures compared with prior year results and the current year budget. The MDCC additionally reviews other metrics of BlackRock's financial performance (e.g., net inflows of AUM and investment performance) as well as information regarding market conditions and competitive compensation levels.

The MDCC regularly considers management's recommendation as to the percentage of pre-incentive operating income that will be accrued and reflected as a compensation expense throughout the year for the cash portion of the total annual bonus pool (the "accrual rate"). The accrual rate of the cash portion of the total annual bonus pool may be modified by the MDCC during the year based on its review of the financial information described above. The MDCC does not apply any particular weighting or formula to the information it considers when determining the size of the total bonus pool or the accruals made for the cash portion of the total bonus pool.

Following the end of the performance year, the MDCC approves the final bonus pool amount.

As part of the year-end review process the Enterprise Risk and Regulatory Compliance departments report to the MDCC on any activities, incidents or events that warrant consideration in making compensation decisions.

Individuals are not involved in setting their own remuneration.

Control functions

Each of the control functions (Enterprise Risk, Legal & Compliance, and Internal Audit) has its own organisational structure which is independent of the business units and therefore staff members in control functions are remunerated independently of the businesses they oversee. The head of each control function is either a member of the Global Executive Committee ("GEC"), the global management committee, or has a reporting obligation to the board of directors of BlackRock Group Limited, the parent company of all of BlackRock's EMEA regulated entities, including the Manager.

Functional bonus pools are determined with reference to the performance of each individual function. The remuneration of the senior members of control functions is directly overseen by the MDCC.

Link between pay and performance

There is a clear and well defined pay-for-performance philosophy and compensation programmes which are designed to meet the following key objectives as detailed below:

- appropriately balance BlackRock's financial results between shareholders and employees;
- attract, retain and motivate employees capable of making significant contributions to the long-term success of the business;
- align the interests of senior employees with those of shareholders by awarding BlackRock Inc.'s stock as a significant part of both annual and long-term incentive awards;
- control fixed costs by ensuring that compensation expense varies with profitability;
- link a significant portion of an employee's total compensation to the financial and operational performance of the business;
- promote sound and effective risk management across all risk categories, including sustainability risk;
- discourage excessive risk-taking (sustainability related or otherwise); and
- ensure that client interests are not negatively impacted by remuneration awarded on a short-term, mid-term and/or long-term basis.

Driving a high-performance culture is dependent on the ability to measure performance against objectives, values and behaviours in a clear and consistent way. Managers use a 5-point rating scale to provide an overall assessment of an employee's performance, and employees also provide a self-evaluation. The overall, final rating is reconciled during each employee's performance appraisal. Employees are assessed on the manner in which performance is attained as well as the absolute performance itself.

In keeping with the pay-for-performance philosophy, ratings are used to differentiate and reward individual performance – but don't pre-determine compensation outcomes. Compensation decisions remain discretionary and are made as part of the year-end compensation process.

INSTITUTIONAL CASH SERIES PLC

REPORT ON REMUNERATION (UNAUDITED) (continued)

Link between pay and performance (continued)

When setting remuneration levels other factors are considered, as well as individual performance, which may include:

- the performance of the Manager, the funds managed by the Manager and/or the relevant functional department;
- factors relevant to an employee individually; relationships with clients and colleagues; teamwork; skills; any conduct issues; and, subject to any applicable policy, the impact that any relevant leave of absence may have on contribution to the business;
- the management of risk within the risk profiles appropriate for BlackRock's clients;
- strategic business needs, including intentions regarding retention;
- market intelligence;
- criticality to business; and
- supporting the firm's approaches to environmental, social and governance factors and diversity, equity and inclusion.

A primary product tool is risk management and, while employees are compensated for strong performance in their management of client assets, they are required to manage risk within the risk profiles appropriate for their clients. Therefore, employees are not rewarded for engaging in high-risk transactions outside of established parameters. Remuneration practices do not provide undue incentives for short-term planning or short-term financial rewards, do not reward unreasonable risk and provide a reasonable balance between the many and substantial risks inherent within the business of investment management, risk management and advisory services.

BlackRock operates a total compensation model for remuneration which includes a base salary, which is contractual, and a discretionary bonus scheme.

BlackRock operates an annual discretionary bonus scheme. Although all employees are eligible to be considered for a discretionary bonus, there is no contractual obligation to make any award to an employee under its discretionary bonus scheme. In exercising discretion to award a discretionary bonus, the factors listed above (under the heading "Link between pay and performance") may be taken into account in addition to any other matters which become relevant to the exercise of discretion in the course of the performance year.

Discretionary bonus awards for all employees, including executive officers, are subject to a guideline that determines the portion paid in cash and the portion paid in BlackRock, Inc. stock and subject to additional vesting/clawback conditions. Stock awards are subject to further performance adjustment through variation in BlackRock, Inc.'s share price over the vesting period. As total annual compensation increases, a greater portion is deferred into stock. The MDCC adopted this approach in 2006 to substantially increase the retention value and shareholder alignment of the compensation package for eligible employees, including the executive officers. The portion deferred into stock vests into three equal instalments over the three years following grant.

Supplementary to the annual discretionary bonus as described above, equity awards may be made to select individuals to provide greater linkage with future business results. These long-term incentive awards have been established individually to provide meaningful incentive for continued performance over a multi-year period recognising the scope of the individual's role, business expertise and leadership skills.

Selected senior leaders are eligible to receive performance-adjusted equity-based awards from the "BlackRock Performance Incentive Plan" ("BPIP"). Awards made from the BPIP have a three-year performance period based on a measurement of As Adjusted Operating Margin¹ and Organic Revenue Growth². Determination of pay-out will be made based on the firm's achievement relative to target financial results at the conclusion of the performance period. The maximum number of shares that can be earned is 165% of the award in those situations where both metrics achieve pre-determined financial targets. No shares will be earned where the firm's financial performance in both of the above metrics is below a pre-determined performance threshold. These metrics have been selected as key measures of shareholder value which endure across market cycles.

A limited number of investment professionals have a portion of their annual discretionary bonus (as described above) awarded as deferred cash that notionally tracks investment in selected products managed by the employee. The intention of these awards is to align investment professionals with the investment returns of the products they manage through the deferral of compensation into those products. Clients and external evaluators have increasingly viewed more favourably those products where key investors have "skin in the game" through significant personal investments.

Identified Staff

The UCITS Remuneration Policy sets out the process that will be applied to identify staff as Identified Staff, being categories of staff of the Manager, including senior management, risk takers, control functions and any employee receiving total remuneration that takes them into the same remuneration bracket as senior management and risk takers, whose professional activities have a material impact on the risk profiles of the Manager or of the funds it manages.

¹As Adjusted Operating Margin: As reported in BlackRock's external filings, reflects adjusted Operating Income divided by Total Revenue net of distribution and servicing expenses and amortisation of deferred sales commissions.

²Organic Revenue Growth: Equal to net new base fees plus net new Aladdin revenue generated in the year (in dollars).

INSTITUTIONAL CASH SERIES PLC

REPORT ON REMUNERATION (UNAUDITED) (continued)

Identified Staff (continued)

The list of Identified Staff will be subject to regular review, being formally reviewed in the event of, but not limited to:

- organisational changes;
- new business initiatives;
- changes in significant influence function lists;
- changes in role responsibilities; and
- revised regulatory direction.

Quantitative Remuneration Disclosure

The Manager is required under the Directive to make quantitative disclosures of remuneration. These disclosures are made in line with BlackRock's interpretation of currently available regulatory guidance on quantitative remuneration disclosures. As market or regulatory practice develops BlackRock may consider it appropriate to make changes to the way in which quantitative remuneration disclosures are calculated. Where such changes are made, this may result in disclosures in relation to a fund not being comparable to the disclosures made in the prior year, or in relation to other BlackRock fund disclosures in that same year.

Disclosures are provided in relation to (a) the staff of the Manager; (b) staff who are senior management; and (c) staff who have the ability to materially affect the risk profile of the Fund, including individuals who, although not directly employed by the Manager, are assigned by their employer to carry out services directly for the Manager.

All individuals included in the aggregated figures disclosed are rewarded in line with BlackRock's remuneration policy for their responsibilities across the relevant BlackRock business area. As all individuals have a number of areas of responsibilities, only the portion of remuneration for those individuals' services attributable to the Manager is included in the aggregate figures disclosed.

Members of staff and senior management of the Manager typically provide both UCITS and non-UCITS related services in respect of multiple funds, clients and functions of the Manager and across the broader BlackRock group. Therefore, the figures disclosed are a sum of individuals' portion of remuneration attributable to the Manager according to an objective apportionment methodology which acknowledges the multiple-service nature of the Manager and the broader BlackRock group. Accordingly, the figures are not representative of any individual's actual remuneration or their remuneration structure.

The amount of the total remuneration awarded to the Manager's staff in respect of the Manager's financial year ending 31 December 2022 is USD 220.40 million. This figure is comprised of fixed remuneration of USD 118.00 million and variable remuneration of USD 102.40 million. There were a total of 3,940 beneficiaries of the remuneration described above.

The amount of the aggregate remuneration awarded by the Manager in respect of the Manager's financial year ending 31 December 2022, to its senior management was USD 21.60 million, and to other members of its staff whose actions potentially have a material impact on the risk profile of the Manager or its funds was USD 30.80 million. These figures relate to the entire Manager and not to the Fund.

INSTITUTIONAL CASH SERIES PLC

EFFICIENT PORTFOLIO MANAGEMENT AND SECURITIES FINANCING TRANSACTIONS (UNAUDITED)

Efficient portfolio management techniques

The Directors may, on behalf of each Fund and subject to the conditions and within the limits laid down by the CBI and the prospectus, employ techniques and instruments relating to transferable securities for hedging purposes (to protect an asset of a Fund against, or minimise liability from, fluctuations in market value or foreign currency exposures) or for efficient portfolio management purposes (with a view to achieving a reduction in risk, a reduction in cost or an increase in capital or income returns to the Fund provided such transactions are not speculative in nature). Investment in FDI which give exposure to foreign exchange will only be used for hedging purposes. Such techniques and instruments may include investments in exchange-traded or OTC FDIs, such as futures and currency forwards (which may be used to manage market and currency risk respectively), options (including call and put options which may be used to achieve cost efficiencies), swaps, including credit default swaps (which may be used to manage interest rate and credit risk respectively), and contracts for difference. A Fund may also invest in the FDI as part of its investment strategy where such intention is disclosed in the Fund's investment policy and provided that the counterparties to such transactions are institutions subject to prudential supervision and, in relation to OTC transactions, belong to categories approved by the CBI.

The Investment Manager employs a risk management process in respect of the Funds in accordance with the requirements of the Central Bank to enable it to accurately monitor, measure and manage, the global exposure from FDIs ("global exposure") which each Fund gains. The Investment Manager uses a methodology known as the Commitment Approach in order to measure the global exposure of the Funds and manage the potential loss to them due to market risk. The Company will, on request, provide supplemental information to shareholders relating to the risk management methods employed, including the quantitative limits that are applied and any recent developments in the risk and yield characteristics of the main categories of investment.

In addition to the investments in FDIs noted above, the Funds may employ other techniques and instruments relating to transferable securities and money market instruments subject to the UCITS regulations and to conditions imposed by the CBI such as repurchase/reverse repurchase transactions and securities lending.

The underlying exposure obtained through FDI and the identity of the counterparties to these FDIs at the financial year end are disclosed on the relevant Fund's schedule of investments.

Reverse repurchase transactions

All reverse repurchase transactions are entered into by each Fund with a counterparty under a Global Master Repurchase Agreement ("GMRA"). All collateral received by each Fund under the GMRA is transferred under a title transfer arrangement. Collateral received by each Fund is held in an account in the name of the Depositary on behalf of each Fund, and in case of tri-party reverse repurchase transactions with a tri-party collateral manager in the name of the Depositary on behalf of each Fund. Collateral received is segregated from the assets belonging to the Fund's Depositary.

The following table details the reverse repurchase transactions as a proportion of each Fund's NAV, as at 30 September 2023 and the returns earned for the year ended 30 September 2023.

Fund	Currency	% of NAV	Reverse repurchase transactions
			Total returns earned '000
BlackRock ICS Euro Government Liquidity Fund	EUR	88.86	17,350
BlackRock ICS Euro Liquid Environmentally Aware Fund	EUR	11.01	6,203
BlackRock ICS Euro Liquidity Fund	EUR	11.10	118,568
BlackRock ICS Sterling Government Liquidity Fund	GBP	105.38	120,177
BlackRock ICS Sterling Liquid Environmentally Aware Fund	GBP	26.37	67,671
BlackRock ICS Sterling Liquidity Fund	GBP	14.80	36,595
BlackRock ICS US Dollar Liquid Environmentally Aware Fund	USD	25.70	39,644
BlackRock ICS US Dollar Liquidity Fund	USD	14.40	291,931
BlackRock ICS US Treasury Fund	USD	55.67	639,818

All returns and costs from reverse repurchase transactions will accrue to each Fund and are not subject to any returns or costs sharing arrangements with the Fund's Manager or any other third parties.

The following table detail the value of reverse repurchase transactions and associated collateral received, analysed by counterparty as at 30 September 2023.

Investment grade securities are those issued by an entity with a minimum investment grade credit rating from at least one globally recognised credit rating agency; Standard & Poor's, Moody's or Fitch.

A recognised equity index contains at least 20 equities where no single equity represents more than 20% of the total index and no five equities combined represent more than 60% of the total index.

The maturity tenor analysis for fixed income securities received as collateral is based on the respective contractual maturity date.

Reuse of collateral received

Non-cash collateral received by way of title transfer collateral arrangement in relation to reverse repurchase transactions cannot be sold, re-invested or pledged.

Safekeeping of collateral received

As at 30 September 2023, all non-cash collateral received by each Fund in respect of reverse repurchase transactions were held by the Fund's Depository (or through its delegates), with the exception of tri-party reverse repurchase agreements which is held with the tri-party agent.

Glossary and key definitions

The periodic report disclosures set out below are presented for the year ended 30 September 2023, the “reference period”. Comparative information is presented for the financial year ended 30 September 2022, the “previous reference period”.

All data presented for the Fund’s investments and other quantitative measures disclosed has been calculated based on an average of the value of investments traded at each quarter end date within the reference period for which the relevant Funds met the criteria of an Article 8 fund. For metrics that are presented with sustainability indicators, the relevant metric calculation relates to the investments for which the underlying ESG data is available, rather than all investments held by the Fund.

All such data presented is unaudited and was not subject to an assurance provided by the Fund auditors or a review by a third party.

The term “Assets” shall be deemed to mean the total value of investments held by the Fund throughout the reference period.

Investments shall include cash and cash equivalents as set out by Article 53 of the regulatory technical standards under the Delegated Regulation (EU) 2022/1288. However, FRS 102 requires cash and cash equivalents to be treated separately. Therefore, there will be a difference in presentation for the purposes of the overall annual report. Cash and cash equivalents are presented on a settlement date basis.

Disclaimer

Certain information set out below (the “Information”) has been provided by vendors of market data to BlackRock (some of whom may be Registered Investment Advisors under the Investment Advisers Act of 1940), each, an “Information Provider”, and it may not be reproduced or disseminated in whole or in part without prior written permission of such Information Provider. The Information has not been submitted to, nor received approval from, the US SEC or any other regulatory body. The Information may not be used to create any derivative works, or in connection with, nor does it constitute, an offer to buy or sell, or a promotion or recommendation of, any security, financial instrument or product or trading strategy, nor should it be taken as an indication or guarantee of any future performance, analysis, forecast or prediction. The Information is provided “as is” and the user of the Information assumes the entire risk of any use it may make or permit to be made of the Information. The Information Providers make no representations or express or implied warranties (which are expressly disclaimed), nor shall they incur liability for any errors or omissions in the Information, or for any damages related thereto. The foregoing shall not exclude or limit any liability that may not be excluded or limited by applicable law. Information Providers shall be deemed to be third party beneficiaries with respect to the terms of this paragraph, entitled to enforce such terms against any third party.

BLACKROCK ICS EURO LIQUID ENVIRONMENTALLY AWARE FUND

Periodic disclosure for financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852

Sustainable investment

means an investment in an economic activity that contributes to environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable economic activities**. That Regulation does not include a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

Sustainability indicators

measure how the environmental or social characteristics promoted by the financial product are attained.

Product name:

BlackRock ICS Euro Liquid Environmentally Aware Fund

Legal entity identifier:

549300TSWW0QQLCYQP55

Environmental and/or social characteristics

Did this financial product have a sustainable investment objective?	
<input checked="" type="radio"/> <input type="checkbox"/> Yes	<input type="checkbox"/> <input checked="" type="radio"/> No
<input type="checkbox"/> It made sustainable investments with an environmental objective: ____%	<input type="checkbox"/> It promoted Environmental/Social (E/S) characteristics and while it did not have as its objective a sustainable investment, it had a proportion of _% of sustainable investments
<input type="checkbox"/> in economic activities that qualify as environmentally sustainable under the EU Taxonomy	<input type="checkbox"/> with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy
<input type="checkbox"/> in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy	<input type="checkbox"/> with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy
<input type="checkbox"/> It made sustainable investments with a social objective: ____%	<input type="checkbox"/> with a social objective
	<input checked="" type="checkbox"/> It promoted E/S characteristics, but did not make any sustainable investments

To what extent were the environmental and/or social characteristics promoted by this financial product met?

The following table lists the environmental and social characteristics which were promoted by the Fund throughout the reference period. Further information on these environmental and social characteristics is outlined in the Fund's prospectus. Please refer to the section below, "How did the sustainability indicators perform?", which provides information about the extent that the Fund met such environmental and social characteristics.

Environmental and social characteristics promoted by the Fund

Maintain that at least 80% of Fund assets (which are not investments in government and public securities and instruments) have above average environmental practices as determined by MSCI or such other external ESG research provider used by the Investment Manager from time to time.

Reduction of carbon emissions intensity (emissions per \$1 million of sales revenue across the Fund's holdings) relative to the liquidity funds investment universe.

Exclusion of issuers which have any exposure to the production of controversial weapons (nuclear, cluster munitions, biological-chemical, landmine, depleted uranium, or incendiary weapons).

Exclusion of issuers which have any exposure to the production of, and/or derive 5% or more of their revenues from the distribution of, firearms and small arms ammunition intended for civilian use.

Exclusion of issuers which derive 5% or more of their revenues from fossil fuel mining, exploration and/or refinement.

Exclusion of issuers which derive 5% or more of their revenues from thermal coal extraction and/or generation or nuclear energy based power generation.

Exclusion of issuers which derive 5% or more of their revenues from the production or distribution of tar sands or oil sands.

Exclusion of issuers which have any exposure to the production of, and/or derive 5% or more of their revenues from the retailing, distribution and/or licensing of tobacco.

Exclusion of issuers which have been involved in violations of the UN Global Compact as determined by MSCI or such other external ESG research provider used by the Investment Manager from time to time.

Exclusion of issuers which have a MSCI ESG rating of CCC.

Exclusion of issuers which have a MSCI Controversy Score of '0'.

Exclusion of direct investment in any supranational and agency entities that have an MSCI ESG rating of B or below.

- **How did the sustainability indicators perform?**

The following table provides information about the performance of the sustainability indicators used to measure the attainment of each of the environmental and social characteristics promoted by the Fund, as further detailed in the Fund's prospectus.

Sustainability Indicator	Metric	2023	2022
Exclusion of issuers based on exclusionary criteria as defined in table above	# of active breaches	No active breaches	No active breaches
"Environmental and social characteristics promoted by the Fund"			
Maintain that at least 80% of the Fund's assets (which are not investments in government and public securities and instruments) have above average environmental practices as determined by MSCI or such other external ESG research provider used by the Investment Manager from time to time	% of the Fund's assets (excluding cash) that have an above average environmental scores per MSCI's rating criteria	100%	100%
Reduction of carbon emissions intensity (emissions per \$1 million of sales revenue across the Fund's holdings) relative to Liquidity Funds Investment Universe	Carbon emissions intensity relative to the Investment Universe*	-94.84%	N/A**

* This refers to BlackRock Cash Management's First Tier Credit Approved List which is the permitted list of issuers for our Short-Term Money Market Funds before any sustainable criteria has been applied.

** The indicator was added to the investment strategy in December- 2022 and therefore was not reported as part of the previous reference period.

- **...and compared to previous periods?**

The above table provides information about the performance of the sustainability indicators for the previous reference period (see section "How did the sustainability indicators perform?").

- **What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?**

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investments portfolio.

- **How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?**

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

- **How were the indicators for adverse impacts on sustainability factors taken into account?**

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio. Please refer to the section below, "How did this financial product consider principal adverse impacts on sustainability factors?", which describes how the Fund considered PAIs on sustainability factors.

- **Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details:**

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

Principal adverse impacts are the most significant negative impact of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

INSTITUTIONAL CASH SERIES PLC

SUSTAINABILITY-RELATED DISCLOSURES (UNAUDITED) (continued)

BLACKROCK ICS EURO LIQUID ENVIRONMENTALLY AWARE FUND

Periodic disclosure for financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 (continued)

The EU Taxonomy sets out a "do not significantly harm" principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific EU criteria.

The "do not significantly harm" principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

How did this financial product consider principal adverse impacts on sustainability factors?

The following table provides information about the impact of the principal adverse sustainability indicators taken into consideration by this Fund. The Fund considered the impact of the principal adverse sustainability indicators through the application of these minimum ESG and exclusionary criteria. The Investment Manager has determined that those PAIs marked in the table below as "F" are fully considered or "P" are partially considered, as part of the investment selection criteria. A PAI is partially considered where a BlackRock internal assessment has determined the sustainability indicator partially meets the regulatory definition of the PAI outlined in Annex 1 supplementing Regulation (EU) 2019/2088 Regulatory Technical Standards ("RTS"). A PAI is fully considered where a BlackRock internal assessment has determined the sustainability indicator captures the full regulatory definition as outlined in Annex 1 supplementing Regulation (EU) 2019/2088 RTS.

Adverse Sustainability Indicator	Sustainability indicators				
	Reduction of carbon emissions intensity (\$1 million of sales revenue across the Fund's holdings) relative to Liquidity Funds Investment Universe	Exclusion of direct investment in issuers of money market instruments which (at the time of investment) derive 5% or more of their revenues from thermal coal extraction and/or generation or nuclear energy based power generation or fossil fuel mining, exploration and/or refinement	Exclusion of direct investment in issuers of money market instruments which (at the time of investment) have a MSCI Controversy Score of '0'	Exclusion of direct investment in issuers of money market instruments which (at the time of investment) have been involved in violations of the UN Global Compact as determined by MSCI or such other external ESG research provider used by the Investment Manager from time to time	Exclusion of direct investment in issuers of money market instruments which (at the time of investment) have any exposure to the production of controversial weapons (nuclear, cluster munitions, biological-chemical, landmine, depleted uranium, or incendiary weapons)
Greenhouse gas (GHG) emissions (Scope 1/2)	P

What was the proportion of sustainability-related investments?

- What was the asset allocation?

Asset allocation describes the share of investments in specific assets.

The following table details the asset allocation of the Fund for the current and previous reference period.

Asset allocation	% of Investments	
	2023	2022
#1 Aligned with E/S characteristics	97.36%	97.88%
#2 Other	2.64%	2.12%

INSTITUTIONAL CASH SERIES PLC

SUSTAINABILITY-RELATED DISCLOSURES (UNAUDITED) (continued)

BLACKROCK ICS EURO LIQUID ENVIRONMENTALLY AWARE FUND

Periodic disclosure for financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 (continued)

- In which economic sectors were the investments made?**

The following table details the economic sectors representing 1% or over of investments held that the Fund was exposed to during the reference period.

Sector	Sub-sector	% of investments
Banking	Banking	77.84%
Financial Other	Financial Other	8.12%
Government Related	Agency	7.09%
Finance Companies	Finance Companies	2.11%
Consumer Non-Cyclical	Food and Beverage	1.36%
Brokerage/Asset Managers/Exchanges	Brokerage/Asset Managers/Exchanges	1.27%
Technology	Technology	1.02%

During the reference period, none of the Fund's investments were held in the following sub-sectors (as defined by the Barclays Industry Classification System): integrated, independent, midstream, oil field services, refining, or metals and mining.

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflects the "greenness" of investee companies today.
- **capital expenditure (CapEx)** showing the green investments made by investee companies, relevant for a transition to a green economy.
- **operational expenditure (OpEx)** reflects the green operational activities of investee companies.

Enabling activities directly enable other activities to make a substantial contribution to an environmental objective.

Transitional activities are activities for which low-carbon alternatives are not yet available and among others have greenhouse gas emission levels corresponding to the best performance.

 *Sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under Regulation (EU) 2020/852.

To what extent were the sustainable investments with an environmental objective aligned with the EU Taxonomy?

For the reference period, the Fund's investment alignment with EU Taxonomy is shown in the graphs below.

* For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures.

- What was the share of investments made in transitional and enabling activities?**

For the reference period, 0% of the Fund's investments were made in transitional and enabling activities.

- How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?**

For the previous reference period, 0% of the Fund's investments were aligned with EU Taxonomy.

INSTITUTIONAL CASH SERIES PLC

SUSTAINABILITY-RELATED DISCLOSURES (UNAUDITED) (continued)

BLACKROCK ICS EURO LIQUID ENVIRONMENTALLY AWARE FUND

Periodic disclosure for financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 (continued)

What was the share of sustainable investments* with an environmental objective not aligned with the EU Taxonomy?

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

What was the share of socially sustainable investments?

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

What investments were included under "Other", what was their purpose and were there any minimum environmental or social safeguards?

Investments included under "#2 Other" included cash, however such holdings did not exceed 20%. Such investments were used only for investment purposes in pursuit of the Fund's (non-ESG) investment objective, for the purposes of liquidity management and/or hedging.

No other investments held by the Fund were assessed against minimum environmental or social safeguards.

What actions have been taken to meet the environmental and/or social characteristics during the reference period?

The Investment Manager has implemented internal quality controls such as compliance rule coding to ensure compliance with the environmental and social characteristics promoted by the Fund. The Investment Manager regularly reviews the environmental and social characteristics promoted by the Fund to ensure they are still appropriate relative to the Fund's investment universe.

Where issuers are identified as potentially having issues with regards to good governance, the issuers are reviewed to ensure that, where the Investment Manager agrees with this external assessment, the Investment Manager is satisfied that the issuer has either taken remediation actions or will take remedial actions within a reasonable time frame based on the Investment Manager's direct engagement with the issuer. The Investment Manager may also decide to reduce exposure to such issuers.

How did this financial product perform compared to the reference benchmark?

For the reference period, an index has not been designated as a reference benchmark for the purpose of attaining the environmental or social characteristics promoted by the Fund, therefore this section is not applicable.

Reference benchmarks are indexes to measure whether the financial products attain the environmental or social characteristics that they promote.

- **How does the reference benchmark differ from a broad market index?**
Not applicable.
- **How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the environmental or social characteristics promoted?**
Not applicable.

SUSTAINABILITY-RELATED DISCLOSURES (UNAUDITED) (continued)

BLACKROCK ICS EURO LIQUIDITY FUND

Periodic disclosure for financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852

Sustainable investment

means an investment in an economic activity that contributes to environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable economic activities**. That Regulation does not include a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

Sustainability indicators

measure how the environmental or social characteristics promoted by the financial product are attained.

Product name:

BlackRock ICS Euro Liquidity Fund

Legal entity identifier:

549300YBCJ4SKWVANO22

Environmental and/or social characteristics

Did this financial product have a sustainable investment objective?	
<input checked="" type="radio"/> <input type="checkbox"/> Yes	<input type="checkbox"/> <input checked="" type="radio"/> No
<input type="checkbox"/> It made sustainable investments with an environmental objective: ____%	<input type="checkbox"/> It promoted Environmental/Social (E/S) characteristics and while it did not have as its objective a sustainable investment, it had a proportion of _% of sustainable investments
<input type="checkbox"/> in economic activities that qualify as environmentally sustainable under the EU Taxonomy	<input type="checkbox"/> with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy
<input type="checkbox"/> in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy	<input type="checkbox"/> with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy
<input type="checkbox"/> It made sustainable investments with a social objective: ____%	<input checked="" type="checkbox"/> It promoted E/S characteristics, but did not make any sustainable investments
	<input type="checkbox"/> with a social objective

To what extent were the environmental and/or social characteristics promoted by this financial product met?

The following table lists the environmental and social characteristics which were promoted by the Fund throughout the reference period. Further information on these environmental and social characteristics is outlined in the Fund's prospectus. Please refer to the section below, "How did the sustainability indicators perform?", which provides information about the extent that the Fund met such environmental and social characteristics.

Environmental and social characteristics promoted by the Fund

- Exclusion of issuers which are engaged in, or are otherwise exposed to, the production of controversial weapons (including, but not limited to, cluster munitions, biological-chemical, landmines, depleted uranium, blinding laser, non-detectable fragments and/or incendiary weapons).
- Exclusion of issuers deriving any revenue from direct involvement in the production of nuclear weapons or nuclear weapon components or delivery platforms, or the provision of auxiliary services related to nuclear weapons.
- Exclusion of issuers deriving more than 5% of their revenue from thermal coal extraction and/or thermal coal-based power generation, with the exception of "green bonds", that are considered to comply with the International Capital Markets Association's Green Bond Principles.
- Exclusion of issuers deriving more than 5% of their revenue from the production and generation of tar sands (also known as oil sands).
- Exclusion of issuers which produce tobacco products.
- Exclusion of issuers which derive more than 5% of their revenue from the production, distribution, retail and supply of tobacco-related products.
- Exclusion of issuers which produce firearms and/or small arms ammunition intended for retail to civilians.
- Exclusion of issuers which derive more than 5% of their revenue from the distribution (wholesale or retail) of firearms and/or small arms ammunition intended for civilian use.
- Exclusion of issuers which have been deemed to have failed to comply with UN Global Compact Principles (which cover human rights, labour standards, the environment and anticorruption).
- Exclusion of issuers which derive 5% or more of their revenues from fossil fuel mining, exploration and/or refinement.
- Exclusion of issuers which have a MSCI ESG rating of CCC.
- Exclusion of issuers which have a MSCI Controversy Score of '0'.
- Exclusion of any supranational and agency entities that have an MSCI ESG rating of B or below.

BLACKROCK ICS EURO LIQUIDITY FUND

Periodic disclosure for financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 (continued)

- **How did the sustainability indicators perform?**

The following table provides information about the performance of the sustainability indicators used to measure the attainment of each of the environmental and social characteristics promoted by the Fund, as further detailed in the Fund's prospectus.

Sustainability Indicator	Metric	2023	2022
Exclusion of issuers based on exclusionary criteria as defined in table above	# of active breaches	No active breaches	No active breaches
"Environmental and social characteristics promoted by the Fund"			

- **...and compared to previous periods?**

The above table provides information about the performance of the sustainability indicators for the previous reference period (see section "How did the sustainability indicators perform?").

- **What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?**

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investments portfolio.

- **How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?**

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

- **How were the indicators for adverse impacts on sustainability factors taken into account?**

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio. Please refer to the section below, "How did this financial product consider principal adverse impacts on sustainability factors?", which describes how the Fund considered PAIs on sustainability factors.

- **Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details:**

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

Principal adverse impacts are the most significant negative impact of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

The EU Taxonomy sets out a "do not significantly harm" principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific EU criteria.

The "do not significantly harm" principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

How did this financial product consider principal adverse impacts on sustainability factors?

The following table provides information about the impact of the principal adverse sustainability indicators taken into consideration by this Fund. The Fund considered the impact of the principal adverse sustainability indicators through the application of these minimum ESG and exclusionary criteria. The Investment Manager has determined that those PAIs marked in the table below as "F" are fully considered or "P" are partially considered, as part of the investment selection criteria. A PAI is partially considered where a BlackRock internal assessment has determined the sustainability indicator partially meets the regulatory definition of the PAI outlined in Annex 1 supplementing Regulation (EU) 2019/2088 Regulatory Technical Standards ("RTS"). A PAI is fully considered where a BlackRock internal assessment has determined the sustainability indicator captures the full regulatory definition as outlined in Annex 1 supplementing Regulation (EU) 2019/2088 RTS.

BLACKROCK ICS EURO LIQUIDITY FUND

Periodic disclosure for financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 (continued)

- In which economic sectors were the investments made?**

The following table details the economic sectors representing 1% or over of investments held that the Fund was exposed to during the reference period.

Sector	Sub-sector	% of investments
Banking	Banking	67.91%
Government Related	Agency	7.90%
Financial Other	Financial Other	5.99%
Government Related	Local Authority	4.41%
Finance Companies	Finance Companies	3.52%
Treasuries	Treasuries	3.13%
Government Related	Supranational	2.54%
Brokerage/Asset Managers/Exchanges	Brokerage/Asset Managers/Exchanges	2.07%
Cash Securities	Other	1.92%

During the reference period, none of the Fund's investments were held in the following sub-sectors (as defined by the Barclays Industry Classification System): integrated, independent, midstream, oil field services, refining, or metals and mining.

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflects the "greenness" of investee companies today.
- **capital expenditure** (CapEx) showing the green investments made by investee companies, relevant for a transition to a green economy.
- **operational expenditure** (OpEx) reflects the green operational activities of investee companies.

Enabling activities directly enable other activities to make a substantial contribution to an environmental objective.

Transitional activities are activities for which low-carbon alternatives are not yet available and among others have greenhouse gas emission levels corresponding to the best performance.

 *Sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under Regulation (EU) 2020/852.

To what extent were the sustainable investments with an environmental objective aligned with the EU Taxonomy?

For the reference period, the Fund's investment alignment with EU Taxonomy is shown in the graphs below.

* For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures.

- What was the share of investments made in transitional and enabling activities?**

For the reference period, 0% of the Fund's investments were made in transitional and enabling activities.

- How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?**

For the previous reference period, 0% of the Fund's investments were aligned with EU Taxonomy.

INSTITUTIONAL CASH SERIES PLC

SUSTAINABILITY-RELATED DISCLOSURES (UNAUDITED) (continued)

BLACKROCK ICS EURO LIQUIDITY FUND

Periodic disclosure for financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 (continued)

What was the share of sustainable investments* with an environmental objective not aligned with the EU Taxonomy?

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

What was the share of socially sustainable investments?

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

What investments were included under "Other", what was their purpose and were there any minimum environmental or social safeguards?

Investments included under "#2 Other" included cash, however such holdings did not exceed 20%. Such investments were used only for investment purposes in pursuit of the Fund's (non-ESG) investment objective, for the purposes of liquidity management and/or hedging.

No other investments held by the Fund were assessed against minimum environmental or social safeguards.

What actions have been taken to meet the environmental and/or social characteristics during the reference period?

The Investment Manager has implemented internal quality controls such as compliance rule coding to ensure compliance with the environmental and social characteristics promoted by the Fund. The Investment Manager regularly reviews the environmental and social characteristics promoted by the Fund to ensure they are still appropriate relative to the Fund's investment universe.

Where issuers are identified as potentially having issues with regards to good governance, the issuers are reviewed to ensure that, where the Investment Manager agrees with this external assessment, the Investment Manager is satisfied that the issuer has either taken remediation actions or will take remedial actions within a reasonable time frame based on the Investment Manager's direct engagement with the issuer. The Investment Manager may also decide to reduce exposure to such issuers.

How did this financial product perform compared to the reference benchmark?

For the reference period, an index has not been designated as a reference benchmark for the purpose of attaining the environmental or social characteristics promoted by the Fund, therefore this section is not applicable.

Reference benchmarks are indexes to measure whether the financial products attain the environmental or social characteristics that they promote.

- **How does the reference benchmark differ from a broad market index?**
Not applicable.
- **How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the environmental or social characteristics promoted?**
Not applicable.
- **How did this financial product perform compared with the reference benchmark?**
Not applicable.
- **How did this financial product perform compared with the broad market index?**
Not applicable.

Periodic disclosure for financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 (continued)

Enabling activities directly enable other activities to make a substantial contribution to an environmental objective.

Transitional activities are activities for which low-carbon alternatives are not yet available and among others have greenhouse gas emission levels corresponding to the best performance.

- **What was the share of investments made in transitional and enabling activities?**
For the reference period, 0% of the Fund's investments were made in transitional and enabling activities.
- **How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?**
For the previous reference period, 0% of the Fund's investments were aligned with EU Taxonomy.

What was the share of sustainable investments* with an environmental objective not aligned with the EU Taxonomy?

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

What was the share of socially sustainable investments?

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

What investments were included under "Other", what was their purpose and were there any minimum environmental or social safeguards?

Investments included under "#2 Other" included cash and derivatives, however such holdings did not exceed 20%. Such investments were used only for investment purposes in pursuit of the Fund's (non-ESG) investment objective, for the purposes of liquidity management and/or hedging.

No other investments held by the Fund were assessed against minimum environmental or social safeguards.

 *Sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under Regulation (EU) 2020/852.

What actions have been taken to meet the environmental and/or social characteristics during the reference period?

The Investment Manager has implemented internal quality controls such as compliance rule coding to ensure compliance with the environmental and social characteristics promoted by the Fund. The Investment Manager regularly reviews the environmental and social characteristics promoted by the Fund to ensure they are still appropriate relative to the Fund's investment universe.

Where issuers are identified as potentially having issues with regards to good governance, the issuers are reviewed to ensure that, where the Investment Manager agrees with this external assessment, the Investment Manager is satisfied that the issuer has either taken remediation actions or will take remedial actions within a reasonable time frame based on the Investment Manager's direct engagement with the issuer. The Investment Manager may also decide to reduce exposure to such issuers.

How did this financial product perform compared to the reference benchmark?

For the reference period, an index has not been designated as a reference benchmark for the purpose of attaining the environmental or social characteristics promoted by the Fund, therefore this section is not applicable.

Reference benchmarks are indexes to measure whether the financial products attain the environmental or social characteristics that they promote.

- **How does the reference benchmark differ from a broad market index?**
Not applicable.
- **How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the environmental or social characteristics promoted?**
Not applicable.
- **How did this financial product perform compared with the reference benchmark?**
Not applicable.
- **How did this financial product perform compared with the broad market index?**
Not applicable.

SUSTAINABILITY-RELATED DISCLOSURES (UNAUDITED) (continued)

BLACKROCK ICS STERLING LIQUID ENVIRONMENTALLY AWARE FUND

Periodic disclosure for financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852

Sustainable investment

means an investment in an economic activity that contributes to environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable economic activities**. That Regulation does not include a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

Product name:

BlackRock ICS Sterling Liquid Environmentally Aware Fund

Legal entity identifier:

549300PS1MQ5RT4H4U08

Environmental and/or social characteristics

Did this financial product have a sustainable investment objective?	
<input checked="" type="radio"/> Yes	<input checked="" type="radio"/> No
<input type="checkbox"/> It made sustainable investments with an environmental objective: ____% <ul style="list-style-type: none"> <input type="checkbox"/> in economic activities that qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy 	<input type="checkbox"/> It promoted Environmental/Social (E/S) characteristics and while it did not have as its objective a sustainable investment, it had a proportion of ____% of sustainable investments <ul style="list-style-type: none"> <input type="checkbox"/> with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> with a social objective
<input type="checkbox"/> It made sustainable investments with a social objective: ____%	<input checked="" type="checkbox"/> It promoted E/S characteristics, but did not make any sustainable investments

Sustainability indicators

measure how the environmental or social characteristics promoted by the financial product are attained.

To what extent were the environmental and/or social characteristics promoted by this financial product met?

The following table lists the environmental and social characteristics which were promoted by the Fund throughout the reference period. Further information on these environmental and social characteristics is outlined in the Fund's prospectus. Please refer to the section below, "How did the sustainability indicators perform?", which provides information about the extent that the Fund met such environmental and social characteristics.

Environmental and social characteristics promoted by the Fund

Maintain that at least 80% of Fund assets (which are not investments in government and public securities and instruments) have above average environmental practices as determined by MSCI or such other external ESG research provider used by the Investment Manager from time to time.

Reduction of carbon emissions intensity (emissions per \$1 million of sales revenue across the Fund's holdings) relative to the Liquidity Funds Investment Universe.

Exclusion of issuers which have any exposure to the production of controversial weapons (nuclear, cluster munitions, biological-chemical, landmine, depleted uranium, or incendiary weapons).

Exclusion of issuers which have any exposure to the production of, and/or derive 5% or more of their revenues from the distribution of, firearms and small arms ammunition intended for civilian use.

Exclusion of issuers which derive 5% or more of their revenues from fossil fuel mining, exploration and/or refinement.

Exclusion of issuers which derive 5% or more of their revenues from thermal coal extraction and/or generation or nuclear energy based power generation.

Exclusion of issuers which derive 5% or more of their revenues from the production or distribution of tar sands or oil sands.

Exclusion of issuers which have any exposure to the production of, and/or derive 5% or more of their revenues from the retailing, distribution and/or licensing of tobacco.

Exclusion of issuers which have been involved in violations of the UN Global Compact as determined by MSCI or such other external ESG research provider used by the Investment Manager from time to time.

Exclusion of issuers which have a MSCI ESG rating of CCC.

Exclusion of issuers which have a MSCI Controversy Score of '0'.

Exclusion of direct investment in any supranational and agency entities that have an MSCI ESG rating of B or below.

- **How did the sustainability indicators perform?**

The following table provides information about the performance of the sustainability indicators used to measure the attainment of each of the environmental and social characteristics promoted by the Fund, as further detailed in the Fund's prospectus.

Sustainability Indicator	Metric	2023	2022
Exclusion of issuers based on exclusionary criteria as defined in table above "Environmental and social characteristics promoted by the Fund"	# of active breaches	No active breaches	No active breaches
Maintain that at least 80% of the Fund's assets (which are not investments in government and public securities and instruments) have above average environmental practices as determined by MSCI or such other external ESG research provider used by the Investment Manager from time to time	% of the Fund's assets (excluding cash) that have an above average environmental scores per MSCI's rating criteria	100%	100%
Reduction of carbon emissions intensity (emissions per \$1 million of sales revenue across the Fund's holdings) relative to Liquidity Funds Investment Universe	Carbon emissions intensity relative to the Investment Universe*	-94.75%	N/A**

* This refers to BlackRock Cash Management's First Tier Credit Approved List which is the permitted list of issuers for our Short-Term Money Market Funds before any sustainable criteria has been applied.

** The indicator was added to the investment strategy in December- 2022 and therefore was not reported as part of the previous reference period.

- **...and compared to previous periods?**

The above table provides information about the performance of the sustainability indicators for the previous reference period (see section "How did the sustainability indicators perform?").

- **What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?**

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investments portfolio.

- **How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?**

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

- **How were the indicators for adverse impacts on sustainability factors taken into account?**

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio. Please refer to the section below, "How did this financial product consider principal adverse impacts on sustainability factors?", which describes how the Fund considered PAIs on sustainability factors.

- **Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details:**

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

Principal adverse impacts are the most significant negative impact of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

INSTITUTIONAL CASH SERIES PLC

SUSTAINABILITY-RELATED DISCLOSURES (UNAUDITED) (continued)

BLACKROCK ICS STERLING LIQUID ENVIRONMENTALLY AWARE FUND

Periodic disclosure for financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 (continued)

The EU Taxonomy sets out a "do not significantly harm" principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific EU criteria.

The "do not significantly harm" principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

How did this financial product consider principal adverse impacts on sustainability factors?

The following table provides information about the impact of the principal adverse sustainability indicators taken into consideration by this Fund. The Fund considered the impact of the principal adverse sustainability indicators through the application of these minimum ESG and exclusionary criteria. The Investment Manager has determined that those PAIs marked in the table below as "F" are fully considered or "P" are partially considered, as part of the investment selection criteria. A PAI is partially considered where a BlackRock internal assessment has determined the sustainability indicator partially meets the regulatory definition of the PAI outlined in Annex 1 supplementing Regulation (EU) 2019/2088 Regulatory Technical Standards ("RTS"). A PAI is fully considered where a BlackRock internal assessment has determined the sustainability indicator captures the full regulatory definition as outlined in Annex 1 supplementing Regulation (EU) 2019/2088 RTS.

Adverse Sustainability Indicator	Sustainability indicators				
	Reduction of carbon emissions intensity (\$1 million of sales revenue across the Fund's holdings) relative to Liquidity Funds Investment Universe	Exclusion of direct investment in issuers of money market instruments which (at the time of investment) derive 5% or more of their revenues from thermal coal extraction and/or generation or nuclear energy based power generation or fossil fuel mining, exploration and/or refinement	Exclusion of direct investment in issuers of money market instruments which (at the time of investment) have a MSCI Controversy Score of '0'	Exclusion of direct investment in issuers of money market instruments which (at the time of investment) have been involved in violations of the UN Global Compact as determined by MSCI or such other external ESG research provider used by the Investment Manager from time to time	Exclusion of direct investment in issuers of money market instruments which (at the time of investment) have any exposure to the production of controversial weapons (nuclear, cluster munitions, biological-chemical, landmine, depleted uranium, or incendiary weapons)
Greenhouse gas (GHG) emissions (Scope 1/2)	P				
GHG intensity of investee companies	P				
Exposure to companies active in the fossil fuel sector		P			
Activities negatively affecting biodiversity-sensitive areas			P		
Emissions to water			P		
Hazardous waste and radioactive waste ratio			P

Rep Uk I/L Gilt Abnat	Financial Institutions	0.79%	United Kingdom
Tri-Party Barclays Bank Plc	Financial Institutions	0.79%	United Kingdom

What was the proportion of sustainability-related investments?

- What was the asset allocation?

Asset allocation describes the share of investments in specific assets.

The following table details the asset allocation of the Fund for the current and previous reference period.

Asset allocation	% of Investments	
	2023	2022
#1 Aligned with E/S characteristics	97.34%	97.55%
#2 Other	2.66%	2.45%

INSTITUTIONAL CASH SERIES PLC

SUSTAINABILITY-RELATED DISCLOSURES (UNAUDITED) (continued)

BLACKROCK ICS STERLING LIQUID ENVIRONMENTALLY AWARE FUND

Periodic disclosure for financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 (continued)

- In which economic sectors were the investments made?**

The following table details the economic sectors representing 1% or over of investments held that the Fund was exposed to during the reference period.

Sector	Sub-sector	% of investments
Banking	Banking	84.45%
Financial Other	Financial Other	4.10%
Treasuries	Treasuries	3.81%
Government Related	Agency	2.17%
Finance Companies	Finance Companies	2.10%
Consumer Cyclical	Automotive	1.72%

During the reference period, none of the Fund's investments were held in the following sub-sectors (as defined by the Barclays Industry Classification System): integrated, independent, midstream, oil field services, refining, or metals and mining.

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflects the "greenness" of investee companies today.
- **capital expenditure (CapEx)** showing the green investments made by investee companies, relevant for a transition to a green economy.
- **operational expenditure (OpEx)** reflects the green operational activities of investee companies.

Enabling activities directly enable other activities to make a substantial contribution to an environmental objective.

Transitional activities are activities for which low-carbon alternatives are not yet available and among others have greenhouse gas emission levels corresponding to the best performance.

 *Sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under Regulation (EU) 2020/852.

To what extent were the sustainable investments with an environmental objective aligned with the EU Taxonomy?

For the reference period, the Fund's investment alignment with EU Taxonomy is shown in the graphs below.

* For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures.

- What was the share of investments made in transitional and enabling activities?**

For the reference period, 0% of the Fund's investments were made in transitional and enabling activities.

- How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?**

As this is the first period that the periodic disclosure for financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 are effective, no comparatives are presented.

INSTITUTIONAL CASH SERIES PLC

SUSTAINABILITY-RELATED DISCLOSURES (UNAUDITED) (continued)

BLACKROCK ICS STERLING LIQUID ENVIRONMENTALLY AWARE FUND

Periodic disclosure for financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 (continued)

What was the share of sustainable investments* with an environmental objective not aligned with the EU Taxonomy?

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

What was the share of socially sustainable investments?

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

What investments were included under "Other", what was their purpose and were there any minimum environmental or social safeguards?

Investments included under "#2 Other" included cash, however such holdings did not exceed 20%. Such investments were used only for investment purposes in pursuit of the Fund's (non-ESG) investment objective, for the purposes of liquidity management and/or hedging.

No other investments held by the Fund were assessed against minimum environmental or social safeguards.

What actions have been taken to meet the environmental and/or social characteristics during the reference period?

The Investment Manager has implemented internal quality controls such as compliance rule coding to ensure compliance with the environmental and social characteristics promoted by the Fund. The Investment Manager regularly reviews the environmental and social characteristics promoted by the Fund to ensure they are still appropriate relative to the Fund's investment universe.

Where issuers are identified as potentially having issues with regards to good governance, the issuers are reviewed to ensure that, where the Investment Manager agrees with this external assessment, the Investment Manager is satisfied that the issuer has either taken remediation actions or will take remedial actions within a reasonable time frame based on the Investment Manager's direct engagement with the issuer. The Investment Manager may also decide to reduce exposure to such issuers.

How did this financial product perform compared to the reference benchmark?

For the reference period, an index has not been designated as a reference benchmark for the purpose of attaining the environmental or social characteristics promoted by the Fund, therefore this section is not applicable.

Reference benchmarks are indexes to measure whether the financial products attain the environmental or social characteristics that they promote.

- **How does the reference benchmark differ from a broad market index?**
Not applicable.
- **How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the environmental or social characteristics promoted?**
Not applicable.
- **How did this financial product perform compared with the reference benchmark?**
Not applicable.
- **How did this financial product perform compared with the broad market index?**
Not applicable.

BLACKROCK ICS STERLING LIQUIDITY FUND

Periodic disclosure for financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852

Sustainable investment

means an investment in an economic activity that contributes to environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable economic activities**. That Regulation does not include a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

Sustainability indicators

measure how the environmental or social characteristics promoted by the financial product are attained.

Product name:

BlackRock ICS Sterling Liquidity Fund

Legal entity identifier:

549300KXRVZGAAWQCG88

Environmental and/or social characteristics

Did this financial product have a sustainable investment objective?	
<input checked="" type="radio"/> <input type="checkbox"/> Yes	<input type="checkbox"/> <input checked="" type="radio"/> No
<input type="checkbox"/> It made sustainable investments with an environmental objective: ____% <input type="checkbox"/> in economic activities that qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy	<input type="checkbox"/> It promoted Environmental/Social (E/S) characteristics and while it did not have as its objective a sustainable investment, it had a proportion of _% of sustainable investments <input type="checkbox"/> with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> with a social objective
<input type="checkbox"/> It made sustainable investments with a social objective: ____%	<input checked="" type="checkbox"/> It promoted E/S characteristics, but did not make any sustainable investments

To what extent were the environmental and/or social characteristics promoted by this financial product met?

The following table lists the environmental and social characteristics which were promoted by the Fund throughout the reference period. Further information on these environmental and social characteristics is outlined in the Fund's prospectus. Please refer to the section below, "How did the sustainability indicators perform?", which provides information about the extent that the Fund met such environmental and social characteristics.

Environmental and social characteristics promoted by the Fund

- Exclusion of issuers which are engaged in, or are otherwise exposed to, the production of controversial weapons (including, but not limited to, cluster munitions, biological-chemical, landmines, depleted uranium, blinding laser, non-detectable fragments and/or incendiary weapons).
- Exclusion of issuers deriving any revenue from direct involvement in the production of nuclear weapons or nuclear weapon components or delivery platforms, or the provision of auxiliary services related to nuclear weapons.
- Exclusion of issuers deriving more than 5% of their revenue from thermal coal extraction and/or thermal coal-based power generation, with the exception of "green bonds", that are considered to comply with the International Capital Markets Association's Green Bond Principles.
- Exclusion of issuers deriving more than 5% of their revenue from the production and generation of tar sands (also known as oil sands).
- Exclusion of issuers which produce tobacco products.
- Exclusion of issuers which derive more than 5% of their revenue from the production, distribution, retail and supply of tobacco-related products.
- Exclusion of issuers which produce firearms and/or small arms ammunition intended for retail to civilians.
- Exclusion of issuers which derive more than 5% of their revenue from the distribution (wholesale or retail) of firearms and/or small arms ammunition intended for civilian use.
- Exclusion of issuers which have been deemed to have failed to comply with UN Global Compact Principles (which cover human rights, labour standards, the environment and anticorruption).
- Exclusion of issuers which derive 5% or more of their revenues from fossil fuel mining, exploration and/or refinement.
- Exclusion of issuers which have a MSCI ESG rating of CCC.
- Exclusion of issuers which have a MSCI Controversy Score of '0'.
- Exclusion of direct investment in any supranational and agency entities that have an MSCI ESG rating of B or below.

BLACKROCK ICS STERLING LIQUIDITY FUND

Periodic disclosure for financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 (continued)

- **How did the sustainability indicators perform?**

The following table provides information about the performance of the sustainability indicators used to measure the attainment of each of the environmental and social characteristics promoted by the Fund, as further detailed in the Fund's prospectus.

Sustainability Indicator	Metric	2023	2022
Exclusion of issuers based on exclusionary criteria as defined in table above	# of active breaches	No active breaches	No active breaches
"Environmental and social characteristics promoted by the Fund"			

- **...and compared to previous periods?**

The above table provides information about the performance of the sustainability indicators for the previous reference period (see section "How did the sustainability indicators perform?").

- **What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?**

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investments portfolio.

- **How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?**

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

- **How were the indicators for adverse impacts on sustainability factors taken into account?**

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio. Please refer to the section below, "How did this financial product consider principal adverse impacts on sustainability factors?", which describes how the Fund considered PAIs on sustainability factors.

- **Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details:**

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

Principal adverse impacts are the most significant negative impact of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

The EU Taxonomy sets out a "do not significantly harm" principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific EU criteria.

The "do not significantly harm" principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

How did this financial product consider principal adverse impacts on sustainability factors?

The following table provides information about the impact of the principal adverse sustainability indicators taken into consideration by this Fund. The Fund considered the impact of the principal adverse sustainability indicators through the application of these minimum ESG and exclusionary criteria. The Investment Manager has determined that those PAIs marked in the table below as "F" are fully considered or "P" are partially considered, as part of the investment selection criteria. A PAI is partially considered where a BlackRock internal assessment has determined the sustainability indicator partially meets the regulatory definition of the PAI outlined in Annex 1 supplementing Regulation (EU) 2019/2088 Regulatory Technical Standards ("RTS"). A PAI is fully considered where a BlackRock internal assessment has determined the sustainability indicator captures the full regulatory definition as outlined in Annex 1 supplementing Regulation (EU) 2019/2088 RTS.

- What was the asset allocation?

Asset allocation describes the share of investments in specific assets.

The following table details the asset allocation of the Fund for the current and previous reference period.

Asset allocation	% of Investments	
	2023	2022
#1 Aligned with E/S characteristics	96.67%	96.12%
#2 Other	3.33%	3.88%

INSTITUTIONAL CASH SERIES PLC

BLACKROCK ICS STERLING LIQUIDITY FUND

Periodic disclosure for financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 (continued)

- In which economic sectors were the investments made?**

The following table details the economic sectors representing 1% or over of investments held that the Fund was exposed to during the reference period.

Sector	Sub-sector	% of investments
Banking	Banking	83.11%
Government Related	Agency	3.41%
Finance Companies	Finance Companies	2.98%
Financial Other	Financial Other	2.40%
Insurance	Life Insurance	1.51%
Government Related	Sovereign	1.44%
Consumer Cyclical	Automotive	1.23%
Treasuries	Treasuries	1.07%

During the reference period, none of the Fund's investments were held in the following sub-sectors (as defined by the Barclays Industry Classification System): integrated, independent, midstream, oil field services, refining, or metals and mining.

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflects the "greenness" of investee companies today.
- **capital expenditure (CapEx)** showing the green investments made by investee companies, relevant for a transition to a green economy.
- **operational expenditure (OpEx)** reflects the green operational activities of investee companies.

Enabling activities directly enable other activities to make a substantial contribution to an environmental objective.

Transitional activities are activities for which low-carbon alternatives are not yet available and among others have greenhouse gas emission levels corresponding to the best performance.

 *Sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under Regulation (EU) 2020/852.

To what extent were the sustainable investments with an environmental objective aligned with the EU Taxonomy?

For the reference period, the Fund's investment alignment with EU Taxonomy is shown in the graphs below.

* For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures.

- What was the share of investments made in transitional and enabling activities?**

For the reference period, 0% of the Fund's investments were made in transitional and enabling activities.

- How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?**

For the previous reference period, 0% of the Fund's investments were aligned with EU Taxonomy.

BLACKROCK ICS STERLING LIQUIDITY FUND

Periodic disclosure for financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 (continued)

What was the share of sustainable investments* with an environmental objective not aligned with the EU Taxonomy?

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

What was the share of socially sustainable investments?

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

What investments were included under "Other", what was their purpose and were there any minimum environmental or social safeguards?

Investments included under "#2 Other" included cash, however such holdings did not exceed 20%. Such investments were used only for investment purposes in pursuit of the Fund's (non-ESG) investment objective, for the purposes of liquidity management and/or hedging.

No other investments held by the Fund were assessed against minimum environmental or social safeguards.

What actions have been taken to meet the environmental and/or social characteristics during the reference period?

The Investment Manager has implemented internal quality controls such as compliance rule coding to ensure compliance with the environmental and social characteristics promoted by the Fund. The Investment Manager regularly reviews the environmental and social characteristics promoted by the Fund to ensure they are still appropriate relative to the Fund's investment universe.

Where issuers are identified as potentially having issues with regards to good governance, the issuers are reviewed to ensure that, where the Investment Manager agrees with this external assessment, the Investment Manager is satisfied that the issuer has either taken remediation actions or will take remedial actions within a reasonable time frame based on the Investment Manager's direct engagement with the issuer. The Investment Manager may also decide to reduce exposure to such issuers.

How did this financial product perform compared to the reference benchmark?

For the reference period, an index has not been designated as a reference benchmark for the purpose of attaining the environmental or social characteristics promoted by the Fund, therefore this section is not applicable.

Reference benchmarks are indexes to measure whether the financial products attain the environmental or social characteristics that they promote.

- **How does the reference benchmark differ from a broad market index?**
Not applicable.
- **How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the environmental or social characteristics promoted?**
Not applicable.
- **How did this financial product perform compared with the reference benchmark?**
Not applicable.
- **How did this financial product perform compared with the broad market index?**
Not applicable.

BLACKROCK ICS STERLING ULTRA SHORT BOND FUND

Periodic disclosure for financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852

Sustainable investment

means an investment in an economic activity that contributes to environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable economic activities**. That Regulation does not include a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

Sustainability indicators

measure how the environmental or social characteristics promoted by the financial product are attained.

Product name:

BlackRock ICS Sterling Ultra Short Bond Fund

Legal entity identifier:

5493003GYYZKMWFM4I31

Environmental and/or social characteristics

Did this financial product have a sustainable investment objective?	
<input checked="" type="radio"/> <input type="checkbox"/> Yes	<input type="checkbox"/> <input checked="" type="radio"/> No
<input type="checkbox"/> It made sustainable investments with an environmental objective: ____% <input type="checkbox"/> in economic activities that qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy	<input type="checkbox"/> It promoted Environmental/Social (E/S) characteristics and while it did not have as its objective a sustainable investment, it had a proportion of _% of sustainable investments <input type="checkbox"/> with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> with a social objective
<input type="checkbox"/> It made sustainable investments with a social objective: ____%	<input checked="" type="checkbox"/> It promoted E/S characteristics, but did not make any sustainable investments

To what extent were the environmental and/or social characteristics promoted by this financial product met?

The following table lists the environmental and social characteristics which were promoted by the Fund throughout the reference period. Further information on these environmental and social characteristics is outlined in the Fund's prospectus. Please refer to the section below, "How did the sustainability indicators perform?", which provides information about the extent that the Fund met such environmental and social characteristics.

Environmental and social characteristics promoted by the Fund

- Exclusion of issuers which are engaged in, or are otherwise exposed to, the production of controversial weapons (including, but not limited to, cluster munitions, biological-chemical, landmines, depleted uranium, blinding laser, non-detectable fragments and/or incendiary weapons).
- Exclusion of issuers deriving any revenue from direct involvement in the production of nuclear weapons or nuclear weapon components or delivery platforms, or the provision of auxiliary services related to nuclear weapons.
- Exclusion of issuers deriving more than 5% of their revenue from thermal coal extraction and/or thermal coal-based power generation, with the exception of "green bonds", that are considered to comply with the International Capital Markets Association's Green Bond Principles.
- Exclusion of issuers deriving more than 5% of their revenue from the production and generation of tar sands (also known as oil sands).
- Exclusion of issuers which produce tobacco products.
- Exclusion of issuers which derive more than 5% of their revenue from the production, distribution, retail and supply of tobacco-related products.
- Exclusion of issuers which produce firearms and/or small arms ammunition intended for retail to civilians.
- Exclusion of issuers which derive more than 5% of their revenue from the distribution (wholesale or retail) of firearms and/or small arms ammunition intended for civilian use.
- Exclusion of issuers which have been deemed to have failed to comply with UN Global Compact Principles (which cover human rights, labour standards, the environment and anticorruption).
- Exclusion of issuers which derive 5% or more of their revenues from fossil fuel mining, exploration and/or refinement.
- Exclusion of issuers which have a MSCI ESG rating of CCC.
- Exclusion of issuers which have a MSCI Controversy Score of '0'.
- Exclusion of direct investment in any supranational and agency entities that have an MSCI ESG rating of B or below.

BLACKROCK ICS STERLING ULTRA SHORT BOND FUND

Periodic disclosure for financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 (continued)

- **How did the sustainability indicators perform?**

The following table provides information about the performance of the sustainability indicators used to measure the attainment of each of the environmental and social characteristics promoted by the Fund, as further detailed in the Fund's prospectus.

Sustainability Indicator	Metric	2023	2022
Exclusion of issuers based on exclusionary criteria as defined in table above	# of active breaches	No active breaches	No active breaches
"Environmental and social characteristics promoted by the Fund"			

- **...and compared to previous periods?**

The above table provides information about the performance of the sustainability indicators for the previous reference period (see section "How did the sustainability indicators perform?").

- **What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?**

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investments portfolio.

- **How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?**

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

- **How were the indicators for adverse impacts on sustainability factors taken into account?**

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio. Please refer to the section below, "How did this financial product consider principal adverse impacts on sustainability factors?", which describes how the Fund considered PAIs on sustainability factors.

- **Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details:**

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

Principal adverse impacts are the most significant negative impact of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

The EU Taxonomy sets out a "do not significantly harm" principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific EU criteria.

The "do not significantly harm" principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

How did this financial product consider principal adverse impacts on sustainability factors?

The following table provides information about the impact of the principal adverse sustainability indicators taken into consideration by this Fund. The Fund considered the impact of the principal adverse sustainability indicators through the application of these minimum ESG and exclusionary criteria. The Investment Manager has determined that those PAIs marked in the table below as "F" are fully considered or "P" are partially considered, as part of the investment selection criteria. A PAI is partially considered where a BlackRock internal assessment has determined the sustainability indicator partially meets the regulatory definition of the PAI outlined in Annex 1 supplementing Regulation (EU) 2019/2088 Regulatory Technical Standards ("RTS"). A PAI is fully considered where a BlackRock internal assessment has determined the sustainability indicator captures the full regulatory definition as outlined in Annex 1 supplementing Regulation (EU) 2019/2088 RTS.

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

Principal adverse impacts are the most significant negative impact of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

INSTITUTIONAL CASH SERIES PLC

SUSTAINABILITY-RELATED DISCLOSURES (UNAUDITED) (continued)

BLACKROCK ICS US DOLLAR LIQUID ENVIRONMENTALLY AWARE FUND

Periodic disclosure for financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 (continued)

The EU Taxonomy sets out a "do not significantly harm" principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific EU criteria.

The "do not significantly harm" principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

How did this financial product consider principal adverse impacts on sustainability factors?

The following table provides information about the impact of the principal adverse sustainability indicators taken into consideration by this Fund. The Fund considered the impact of the principal adverse sustainability indicators through the application of these minimum ESG and exclusionary criteria. The Investment Manager has determined that those PAIs marked in the table below as "F" are fully considered or "P" are partially considered, as part of the investment selection criteria. A PAI is partially considered where a BlackRock internal assessment has determined the sustainability indicator partially meets the regulatory definition of the PAI outlined in Annex 1 supplementing Regulation (EU) 2019/2088 Regulatory Technical Standards ("RTS"). A PAI is fully considered where a BlackRock internal assessment has determined the sustainability indicator captures the full regulatory definition as outlined in Annex 1 supplementing Regulation (EU) 2019/2088 RTS.

Adverse Sustainability Indicator	Sustainability indicators				
	Reduction of carbon emissions intensity (\$1 million of sales revenue across the Fund's holdings) relative to Liquidity Funds Investment Universe	Exclusion of direct investment in issuers of money market instruments which (at the time of investment) derive 5% or more of their revenues from thermal coal extraction and/or generation or nuclear energy based power generation or fossil fuel mining, exploration and/or refinement	Exclusion of direct investment in issuers of money market instruments which (at the time of investment) have a MSCI Controversy Score of '0'	Exclusion of direct investment in issuers of money market instruments which (at the time of investment) have been involved in violations of the UN Global Compact as determined by MSCI or such other external ESG research provider used by the Investment Manager from time to time	Exclusion of direct investment in issuers of money market instruments which (at the time of investment) have any exposure to the production of controversial weapons (nuclear, cluster munitions, biological-chemical, landmine, depleted uranium, or incendiary weapons)
Greenhouse gas (GHG) emissions (Scope 1/2)	P

What was the proportion of sustainability-related investments?

- What was the asset allocation?

Asset allocation describes the share of investments in specific assets.

The following table details the asset allocation of the Fund for the current and previous reference period.

Asset allocation	% of Investments	
	2023	2022
#1 Aligned with E/S characteristics	96.84%	96.89%
#2 Other	3.16%	3.11%

- In which economic sectors were the investments made?**

The following table details the economic sectors representing 1% or over of investments held that the Fund was exposed to during the reference period.

Sector	Sub-sector	% of investments
Banking	Banking	60.53%
Brokerage/Asset Managers/Exchanges	Brokerage/Asset Managers/Exchanges	14.21%
Government Related	Agency	7.67%
Government Related	Sovereign	3.63%
Government Related	Local Authority	3.22%
Financial Other	Financial Other	3.04%
Finance Companies	Finance Companies	2.01%
Consumer Non-Cyclical	Food and Beverage	1.23%
Consumer Cyclical	Automotive	1.13%
Treasuries	Treasuries	1.00%

During the reference period, none of the Fund's investments were held in the following sub-sectors (as defined by the Barclays Industry Classification System): integrated, independent, midstream, oil field services, refining, or metals and mining.

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflects the "greenness" of investee companies today.

- **capital expenditure (CapEx)** showing the green investments made by investee companies, relevant for a transition to a green economy.

- **operational expenditure (OpEx)** reflects the green operational activities of investee companies.

Enabling activities directly enable other activities to make a substantial contribution to an environmental objective.

Transitional activities are activities for which low-carbon alternatives are not yet available and among others have greenhouse gas emission levels corresponding to the best performance.

To what extent were the sustainable investments with an environmental objective aligned with the EU Taxonomy?

For the reference period, the Fund's investment alignment with EU Taxonomy is shown in the graphs below.

* For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures.

- What was the share of investments made in transitional and enabling activities?**

For the reference period, 0% of the Fund's investments were made in transitional and enabling activities.

- How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?**

For the previous reference period, 0% of the Fund's investments were aligned with EU Taxonomy.

*Sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under Regulation (EU) 2020/852.

BLACKROCK ICS US DOLLAR LIQUID ENVIRONMENTALLY AWARE FUND

Periodic disclosure for financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 (continued)

What was the share of sustainable investments* with an environmental objective not aligned with the EU Taxonomy?

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

What was the share of socially sustainable investments?

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

What investments were included under "Other", what was their purpose and were there any minimum environmental or social safeguards?

Investments included under "#2 Other" included cash, however such holdings did not exceed 20%. Such investments were used only for investment purposes in pursuit of the Fund's (non-ESG) investment objective, for the purposes of liquidity management and/or hedging.

No other investments held by the Fund were assessed against minimum environmental or social safeguards.

What actions have been taken to meet the environmental and/or social characteristics during the reference period?

The Investment Manager has implemented internal quality controls such as compliance rule coding to ensure compliance with the environmental and social characteristics promoted by the Fund. The Investment Manager regularly reviews the environmental and social characteristics promoted by the Fund to ensure they are still appropriate relative to the Fund's investment universe.

Where issuers are identified as potentially having issues with regards to good governance, the issuers are reviewed to ensure that, where the Investment Manager agrees with this external assessment, the Investment Manager is satisfied that the issuer has either taken remediation actions or will take remedial actions within a reasonable time frame based on the Investment Manager's direct engagement with the issuer. The Investment Manager may also decide to reduce exposure to such issuers.

How did this financial product perform compared to the reference benchmark?

For the reference period, an index has not been designated as a reference benchmark for the purpose of attaining the environmental or social characteristics promoted by the Fund, therefore this section is not applicable.

Reference benchmarks are indexes to measure whether the financial products attain the environmental or social characteristics that they promote.

- **How does the reference benchmark differ from a broad market index?**
Not applicable.
- **How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the environmental or social characteristics promoted?**
Not applicable.
- **How did this financial product perform compared with the reference benchmark?**
Not applicable.
- **How did this financial product perform compared with the broad market index?**
Not applicable.

BLACKROCK ICS US DOLLAR LIQUIDITY FUND

Periodic disclosure for financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852

Sustainable investment

means an investment in an economic activity that contributes to environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable economic activities**. That Regulation does not include a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

Sustainability indicators

measure how the environmental or social characteristics promoted by the financial product are attained.

Product name:

BlackRock ICS US Dollar Liquidity Fund

Legal entity identifier:

5493003UB3VZ7MRZU371

Environmental and/or social characteristics

Did this financial product have a sustainable investment objective?	
<input checked="" type="radio"/> <input type="checkbox"/> Yes	<input type="checkbox"/> <input checked="" type="radio"/> No
<input type="checkbox"/> It made sustainable investments with an environmental objective: ____% <input type="checkbox"/> in economic activities that qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy	<input type="checkbox"/> It promoted Environmental/Social (E/S) characteristics and while it did not have as its objective a sustainable investment, it had a proportion of _% of sustainable investments <input type="checkbox"/> with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> with a social objective
<input type="checkbox"/> It made sustainable investments with a social objective: ____%	<input checked="" type="checkbox"/> It promoted E/S characteristics, but did not make any sustainable investments

To what extent were the environmental and/or social characteristics promoted by this financial product met?

The following table lists the environmental and social characteristics which were promoted by the Fund throughout the reference period. Further information on these environmental and social characteristics is outlined in the Fund's prospectus. Please refer to the section below, "How did the sustainability indicators perform?", which provides information about the extent that the Fund met such environmental and social characteristics.

Environmental and social characteristics promoted by the Fund

- Exclusion of issuers which are engaged in, or are otherwise exposed to, the production of controversial weapons (including, but not limited to, cluster munitions, biological-chemical, landmines, depleted uranium, blinding laser, non-detectable fragments and/or incendiary weapons).
- Exclusion of issuers deriving any revenue from direct involvement in the production of nuclear weapons or nuclear weapon components or delivery platforms, or the provision of auxiliary services related to nuclear weapons.
- Exclusion of issuers deriving more than 5% of their revenue from thermal coal extraction and/or thermal coal-based power generation, with the exception of "green bonds", that are considered to comply with the International Capital Markets Association's Green Bond Principles.
- Exclusion of issuers deriving more than 5% of their revenue from the production and generation of tar sands (also known as oil sands).
- Exclusion of issuers which produce tobacco products.
- Exclusion of issuers which derive more than 5% of their revenue from the production, distribution, retail and supply of tobacco-related products.
- Exclusion of issuers which produce firearms and/or small arms ammunition intended for retail to civilians.
- Exclusion of issuers which derive more than 5% of their revenue from the distribution (wholesale or retail) of firearms and/or small arms ammunition intended for civilian use.
- Exclusion of issuers which have been deemed to have failed to comply with UN Global Compact Principles (which cover human rights, labour standards, the environment and anticorruption).
- Exclusion of issuers which derive 5% or more of their revenues from fossil fuel mining, exploration and/or refinement.
- Exclusion of issuers which have a MSCI ESG rating of CCC.
- Exclusion of issuers which have a MSCI Controversy Score of '0'.
- Exclusion of direct investment in any supranational and agency entities that have an MSCI ESG rating of B or below.

- **How did the sustainability indicators perform?**

The following table provides information about the performance of the sustainability indicators used to measure the attainment of each of the environmental and social characteristics promoted by the Fund, as further detailed in the Fund's prospectus.

Sustainability Indicator	Metric	2023	2022
Exclusion of issuers based on exclusionary criteria as defined in table above	# of active breaches	No active breaches	No active breaches
"Environmental and social characteristics promoted by the Fund"			

- **...and compared to previous periods?**

The above table provides information about the performance of the sustainability indicators for the previous reference period (see section "How did the sustainability indicators perform?").

- **What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?**

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investments portfolio.

- **How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?**

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

- **How were the indicators for adverse impacts on sustainability factors taken into account?**

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio. Please refer to the section below, "How did this financial product consider principal adverse impacts on sustainability factors?", which describes how the Fund considered PAIs on sustainability factors.

- **Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details:**

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

Principal adverse impacts are the most significant negative impact of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

The EU Taxonomy sets out a "do not significantly harm" principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific EU criteria.

The "do not significantly harm" principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

How did this financial product consider principal adverse impacts on sustainability factors?

The following table provides information about the impact of the principal adverse sustainability indicators taken into consideration by this Fund. The Fund considered the impact of the principal adverse sustainability indicators through the application of these minimum ESG and exclusionary criteria. The Investment Manager has determined that those PAIs marked in the table below as "F" are fully considered or "P" are partially considered, as part of the investment selection criteria. A PAI is partially considered where a BlackRock internal assessment has determined the sustainability indicator partially meets the regulatory definition of the PAI outlined in Annex 1 supplementing Regulation (EU) 2019/2088 Regulatory Technical Standards ("RTS"). A PAI is fully considered where a BlackRock internal assessment has determined the sustainability indicator captures the full regulatory definition as outlined in Annex 1 supplementing Regulation (EU) 2019/2088 RTS.

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio. Please refer to the section below, "How did this financial product consider principal adverse impacts on sustainability factors?", which describes how the Fund considered PAIs on sustainability factors.

- **Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details:**

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

Principal adverse impacts are the most significant negative impact of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

The EU Taxonomy sets out a "do not significantly harm" principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific EU criteria.

The "do not significantly harm" principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

How did this financial product consider principal adverse impacts on sustainability factors?

The following table provides information about the impact of the principal adverse sustainability indicators taken into consideration by this Fund. The Fund considered the impact of the principal adverse sustainability indicators through the application of these minimum ESG and exclusionary criteria. The Investment Manager has determined that those PAIs marked in the table below as "F" are fully considered or "P" are partially considered, as part of the investment selection criteria.

Energy	Midstream	1.73%
Consumer Cyclical	Retailers	1.58%
Treasuries	Treasuries	1.51%
Natural Gas	Natural Gas	1.45%
Government Related	Local Authority	1.24%
Consumer Non-Cyclical	Food and Beverage	1.01%
Basic Industry	Metals and Mining	0.12%

During the reference period, none of the Fund's investments were held in the following sub-sectors (as defined by the Barclays Industry Classification System): integrated, independent, oil field services, or refining.

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflects the "greenness" of investee companies today.
- **capital expenditure** (CapEx) showing the green investments made by investee companies, relevant for a transition to a green economy.
- **operational expenditure** (OpEx) reflects the green operational activities of investee companies.

To what extent were the sustainable investments with an environmental objective aligned with the EU Taxonomy?

For the reference period, the Fund's investment alignment with EU Taxonomy is shown in the graphs below.

* For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures.

INSTITUTIONAL CASH SERIES PLC

SUSTAINABILITY-RELATED DISCLOSURES (UNAUDITED) (continued)

BLACKROCK ICS US DOLLAR ULTRA SHORT BOND FUND

Periodic disclosure for financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 (continued)

Enabling activities directly enable other activities to make a substantial contribution to an environmental objective.

Transitional activities are activities for which low-carbon alternatives are not yet available and among others have greenhouse gas emission levels corresponding to the best performance.

- **What was the share of investments made in transitional and enabling activities?**
For the reference period, 0% of the Fund's investments were made in transitional and enabling activities.
- **How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?**
For the previous reference period, 0% of the Fund's investments were aligned with EU Taxonomy.

What was the share of sustainable investments* with an environmental objective not aligned with the EU Taxonomy?

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

*Sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under Regulation (EU) 2020/852.

What was the share of socially sustainable investments?

This section is not applicable for this Fund as it did not commit to holding Sustainable Investments during the reference period, however, certain Sustainable Investments may form part of the Fund's investment portfolio.

What investments were included under "Other", what was their purpose and were there any minimum environmental or social safeguards?

Investments included under "#2 Other" included cash and derivatives, however such holdings did not exceed 20%. Such investments were used only for investment purposes in pursuit of the Fund's (non-ESG) investment objective, for the purposes of liquidity management and/or hedging.

No other investments held by the Fund were assessed against minimum environmental or social safeguards.

What actions have been taken to meet the environmental and/or social characteristics during the reference period?

The Investment Manager has implemented internal quality controls such as compliance rule coding to ensure compliance with the environmental and social characteristics promoted by the Fund. The Investment Manager regularly reviews the environmental and social characteristics promoted by the Fund to ensure they are still appropriate relative to the Fund's investment universe.

Where issuers are identified as potentially having issues with regards to good governance, the issuers are reviewed to ensure that, where the Investment Manager agrees with this external assessment, the Investment Manager is satisfied that the issuer has either taken remediation actions or will take remedial actions within a reasonable time frame based on the Investment Manager's direct engagement with the issuer. The Investment Manager may also decide to reduce exposure to such issuers.

How did this financial product perform compared to the reference benchmark?

For the reference period, an index has not been designated as a reference benchmark for the purpose of attaining the environmental or social characteristics promoted by the Fund, therefore this section is not applicable.

Reference benchmarks are indexes to measure whether the financial products attain the environmental or social characteristics that they promote.

- **How does the reference benchmark differ from a broad market index?**
Not applicable.
- **How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the environmental or social characteristics promoted?**
Not applicable.
- **How did this financial product perform compared with the reference benchmark?**
Not applicable.
- **How did this financial product perform compared with the broad market index?**
Not applicable.
